- 3.3 seconds acceleration 0-60 mph
- 671 hp power @ 6,750 rpm
- 752 lb-ft torque @ 5,000-5,500 rpm

SUPERSIZED WHEELS, NO EXTRA CHARGE

A choice of five alloy wheel designs includes 18-inch or 19-inch sizes, including three AMG® wheels. And while they each add distinctive style, none of them adds to the price of your C-Class.

THE PRICE OF THE SKY IS FALLING

In a world of rising costs, the C-Class is a breath of fresh air. A ray of sunshine. And all the stars in the sky. Opting for the power Panorama roof now delivers the giant sunroof for a much smaller price.

APPEALING FROM ROAD TO ROOF

The C-Class has always paired deep values with great value. A new AMG Lite Plus Package adds 19-inch AMG® wheels and a rear spoiler to the Panorama roof for just a few hundred dollars more.

LED LIGHTING

LED headlamps and taillamps pair brilliance with bold style. Available DIGITAL LIGHT headlamps can be further enhanced to project driver alerts on the dark pavement.

AMG LINE AND NIGHT PACKAGE

The AMG Line wraps sporty chassis and cabin upgrades in aggressively athletic lower body styling and AMG® wheels. You can also add the gloss black accents of the Night Package.

MEMORABLE SEATING

Heated power front seats each feature intuitive seat-shaped controls and three memory stations. Ventilation and massage options further enhance their fine tailoring and enduring support.

SPECTRUM OF STYLES

From the legendary, enduring comfort of MB-Tex to supple leather and even richer Nappa leather, the C-Class offers 11 options in hand-fitted, finely tailored upholstery in a diversity of colors.

FINELY CRAFTED CABIN

Trim options for the flowing cabin include a choice of satin and glossy woods or sleek woven metal. Console trim options include a new Black Fine Structure finish.

WIRELESS CONNECTIONS

No need for a cable to charge your phone, nor to enjoy Apple CarPlay® or Android Auto. A wireless charging pad and wireless smart-phone integration are both standard.

DIGITAL RECOGNITION

You can save hundreds of vehicle settings and preferences in your profile in the Mercedes-Benz app. A fingerprint scanner in the console lets you call it up in your C-Class, or in other models.

CENTER AIR BAG

The advanced restraint systems in the C-Class include an innovative air bag between the driver and front passenger.

HANDS-FREE PARKING

Standard PARKTRONIC with Active Parking Assist can help you size up parking spots, then maneuver into the space automatically. Audio-visual displays help you navigate tight quarters.

FORESIGHT FOR REVERSING

The rearview camera includes standard and wide-angle views, and can alert you to cross-traffic as you back up. Available Surround View cameras can team up for a virtual birdseye view.

ARTIFICIAL INTELLIGENCE, GENUINE SMARTS

3rd-gen MBUX (the Mercedes-Benz User Experience) is smarter, quicker to respond, can understand more languages. And it can learn, add apps and update over time, and over the air.

SITUATIONAL AWARENESS

MBUX Routines let you automate everyday functions based on location, conditions or other parameters, from warming the seats when it's cold to playing your favorite Friday night soundtrack.

5G COMMUNICATIONS MODULE

A big benefit of a connected car is how it sets you free to travel with ease, around town or cross-country. The C-Class uses 5G technology to help keep you online more reliably.
