2025 Enclave

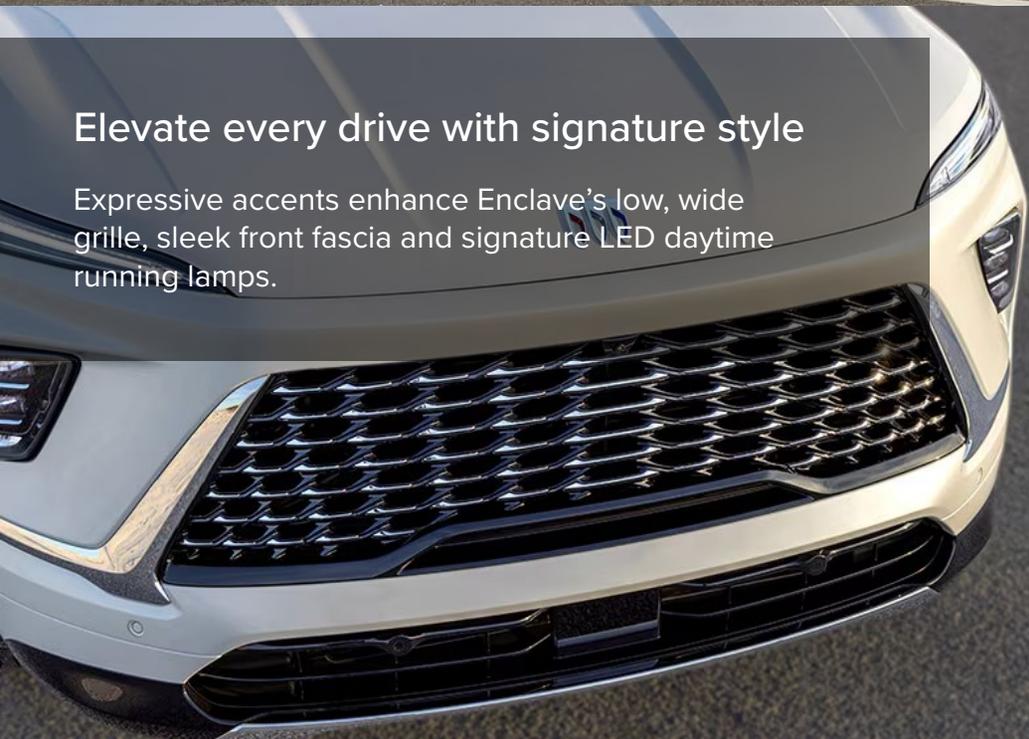

One beautifully designed detail after another

Sculpted, modern contours give the 2025 Enclave mid-size SUV an elegant profile and commanding presence. Choose from three distinctive trim levels, each showcasing a well-defined character and an impressive variety of options.

Elevate every drive with signature style

Expressive accents enhance Enclave's low, wide grille, sleek front fascia and signature LED daytime running lamps.

Unique wheel designs for each trim

From Avenir's eye-catching 22" alloy wheels with Pearl Nickel finish to Preferred's 20" alloy wheels with Medium Android finish, Enclave never misses a chance to make an impression.

Trims

Radiate confidence with Sport Touring

Enclave Sport Touring crossover beautifully blends style and substance with a host of bold accents and expressive touches.

Indulge in details with Avenir

The Avenir name is reserved for the most refined vehicles in our lineup. Merging inspired design with premium features, Enclave Avenir is distinctive not only in the way it looks — but also in the way it makes you feel.

Interior

Floating center console

The thoughtfully designed floating center console provides comfort and efficient storage space.

Available panoramic sunroof

Make room for sunshine with Enclave's available sunroof.

Multicolor ambient interior lighting

Selectable color options for static and available dynamic ambient lighting let you set the mood.

Bose Audio

Enjoy crisp, clear and dynamic sound with the Bose Premium 12-speaker audio system with a sub-woofer on Preferred and Sport Touring, or the Bose Performance 16-speaker system with a sub-woofer on Avenir.

Available one-touch flat folding and sliding second-row seats

Easily configure the second-row seats for access to the third-row and cargo space.

Front-row heated seats

Enjoy every drive, even when the temperature drops.

Front-row ventilated seats in Avenir

Comfortable, breathable seating.

Technology

Available Super Cruise[®] driver assistance technology wins MotorTrend Best Hands-Free Driving Tech

With an attentive driver, and under proper conditions, available Super Cruise allows hands-free driving on compatible roads.

Ultrawide 30" diagonal screen

Stunning form follows effortless function in Enclave's sweeping 30" diagonal display — the largest in its class.

Wireless smartphone charging

Available wireless smartphone charging keeps your smartphone charged and your cabin clutter-free.

Wireless Apple CarPlay® compatibility

With wireless Apple CarPlay compatibility, you'll enjoy easy access to music and maps from your iPhone® to make calls, send messages and more — all through the infotainment touch screen or with your voice through Siri®.

Wireless Android Auto™ compatibility

Wireless Android Auto compatibility seamlessly connects your compatible smartphone so you can get directions using Google Maps, listen to music via Google Play and more using your Enclave's infotainment touch screen.

OnStar® Basics

Drive confidently with core OnStar services, including remote commands, built-in voice assistance, real-time traffic and navigation and Automatic Crash Response to help you if you're in need.

Safety

Rear Park Assist

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information.

Raise your awareness

Available Front Pedestrian Braking can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you. It provides alerts and can automatically provide hard emergency braking or enhance the driver's hard braking. It has limited night-time and low visibility performance.

Change lanes more confidently

Available Lane Change Alert with Side Blind Zone Alert provides visual side-mirror alerts when a moving vehicle is detected either quickly approaching or already in your side blind zone. It can help you avoid lane change collisions.

A nudge in the right direction

Available Lane Keep Assist with Lane Departure Warning uses a brief steering wheel turn to alert you when it detects you are unintentionally drifting out of your lane lines. If needed, you may receive additional Lane Departure Warning alerts. System alerts do not occur if you're using your turn signal, or it detects you may be intentionally leaving your lane.

A heads-up backup plan

When in Reverse, available Rear Cross Traffic Alert can alert you of detected cross traffic behind your vehicle.

A helpful hand

Automatic Emergency Braking works with Forward Collision Alert to help you avoid or reduce the severity of a collision with a detected vehicle you're following. Camera technology is used to automatically provide hard emergency braking or enhance the driver's hard braking.

Get help keeping your distance

Following Distance Indicator displays the gap time in seconds between your vehicle and a detected vehicle you're following. This can help you decide if you're following much too closely.

Keep moving forward

Forward Collision Alert can warn you if it detects a potential collision with a detected vehicle you're following so you can take action. It can also provide a tailgating alert if you're following a vehicle much too closely.

Seats up to:

7

Max cargo capacity:

97.5 cu.ft

GM-est. MPG city/hwy:

20/27 (FWD)
