Design

Panoramic glass roof.

The available panoramic glass roof on the A5 is imbued with electrochromic 6-segment shading technology, allowing you to adjust the shade level to your preference.

Warm weather package.

Keep your cool on warm days with the optional Warm weather package, which includes manual rear side window sunshades and ventilated front sport seats. Choose from three stylish color options to suit your taste.

LED headlights.

LED headlights come standard, with available customizable daytime running light signatures that create a unique impression.

Wheel choices.

The A5 features standard 18" 5-arm-twist design wheels, wrapped in 235/45 R18 all-season run-flat tires, for a sleek look. For an even bolder statement, upgrade to the 19" wheel package, which includes 19" 5-arm-aero design wheels paired with 245/40 R19 all-season run-flat tires.

Always obey all speed and traffic laws

Quattro.

Legendary quattro all-wheel drive proactively directs power between axles when needed—offering additional grip before it's needed, and efficiency when it's not.

7-speed S tronic.

The A5 owes its highly responsive and dynamic drive to its 7-speed S tronic gearbox. The dual-clutch transmission marries the convenience and efficiency of an automatic with the engagement of a manual.

Drive select.

Choose from a range of variable settings—engine, steering, and transmission—to best suit your driving preferences.

Turbocharged.

The revised, turbocharged 268 HP engine in the A5 produces smooth power and exceptional responsiveness.

Progressive steering.

Combined with speed-sensitive power assist, progressive steering provides a more direction connection to your A5 by gradually quickening the steering ratio as the wheels turn in further. The result is enhanced driving while also reducing driver efforts during low-speed maneuvers.

Technology

Virtual cockpit plus.

Refined design meets spacious elegance inside the all-new A5. The 11.9" state-of-the-art virtual cockpit integrates seamlessly with the 14.5" MMI display, creating a panoramic digital stage with vital information always in view.

Passenger display screen.

Long drive? Your front passenger can enjoy their favorite entertainment on the available 10.9" passenger display screen, turning every journey into a first-class experience.

Head-up display.

The available head-up display on the A5 offers all the relevant information you projected conveniently within your field of view.

Audi connect CARE.

Experience fully integrated assistance tools with Audi connect CARE including functions such as remote vehicle services and security features that help offer peace of mind.

Driver Assistance

Traffic sign recognition.

Detecting speed limits and other select road signs, the camera-based traffic-sign recognition system alerts the driver via the Audi virtual cockpit. It can also be adjusted to provide visual warnings when the vehicle exceeds the speed limit.

Top view camera.

Park with confidence. By combining the information gathered by the vehicle's cameras, the available top view camera system shows the car's position in relation to its nearby surroundings with a virtual overhead view.

Adaptive cruise assist.

With available adaptive cruise assist, the hands-on system maintains a time-distance setting to the vehicle ahead and helps keep you centered in your lane.

Park assist plus.

Available park assist plus helps you automatically maneuver your A5 into a perpendicular or parallel space by assisting with controlling throttle, braking, steering, and gear changes.

Front cross-traffic assist.

Front cross-traffic assist used sensors to help detect cross traffic when pulling through an intersection and can help intervene via brief braking to warn the driver of a potential collision.
