

2020
EXPEDITION + MAX

XLT | LIMITED | KING RANCH® | PLATINUM

BUILT TO LIVE LIFE TO THE MAX.

The 2020 Ford Expedition is engineered to make it happen. Choose from Expedition and Expedition MAX – based on how big is big enough for your adventures. Nearly a foot longer than Expedition, Expedition MAX can carry 16.9 more cu. ft. of gear.¹ Both spacious interiors offer refined seating for up to 8 in a range of durable fabrics – including available ActiveX material – and available leather trims. Innovative technology can help you stay connected on the go. Plus, standard Ford Co-Pilot360™² can help you confidently navigate your world. We've been improving lives for over 116 years by building vehicles big, small, and lots of sizes in between. Our first SUVs took you "out there." Our current lineup is designed to take you capably to your destination – in comfort and style.

We built a better big for your adventures. And we put our hearts into everything we build.

BUILT *Ford* PROUD

B&O

12-SPEAKER SOUND SYSTEM

Standard on Limited, King Ranch® and Platinum, the B&O Sound System features a 14-channel amplifier pumping 1,100 watts of digitally processed sound through 12 high-performance speakers, including a subwoofer and 4 midwoofers.

8"

LCD TOUCHSCREEN
with swipe capability is included with
standard voice-activated SYNC® 3.¹

3

SPACIOUS ROWS, WITH
SEATING
FOR UP TO 8

A photograph of the interior of a Ford Expedition. In the foreground, a large black leather suitcase sits on the floor. Behind it, a man in a tan sweater is seated in the second row, looking forward. Next to him, another man in a light blue sweater is also looking forward. In the third row, a woman in a red top is visible, holding a large brown leather bag. The car's interior features black leather seats with stitching details. The dashboard and center console are visible in the background, showing a modern design with a touchscreen display and various controls. The overall atmosphere is one of comfort and spaciousness.

BIG ON COMFORT.

FIND YOUR PLACE

No matter where you sit in Expedition, you'll be well-cared for. With best-in-class¹ 2nd- and 3rd-row leg room. Plus, available 2nd-row power-folding tip-and-slide seats that make it possible to keep a child-safety seat secured in any section of the seat while you simply slide it forward as passengers get into the 3rd row. An available power, panoramic Vista Roof[®] brightens the view.

TREAT YOURSELF

To 3rd-row comfort and calm. There, in the power-reclining, PowerFold[®] seat, you'll be as comfortable as in any seat in the cabin. You've got your own beverage holders, reading lights and available smart-charging USB ports. Beyond that, an available advanced cargo manager behind the 3rd row features an adjustable shelf to help create a customized space for whatever you're carrying.²

Platinum. Ebony leather-trimmed interior. Available equipment. ¹Class is Extended Utilities based on Ford segmentation. ²Cargo and load capacity limited by weight and weight distribution. ³FordPass Connect (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass

BIG ON PEOPLE PLEASING.

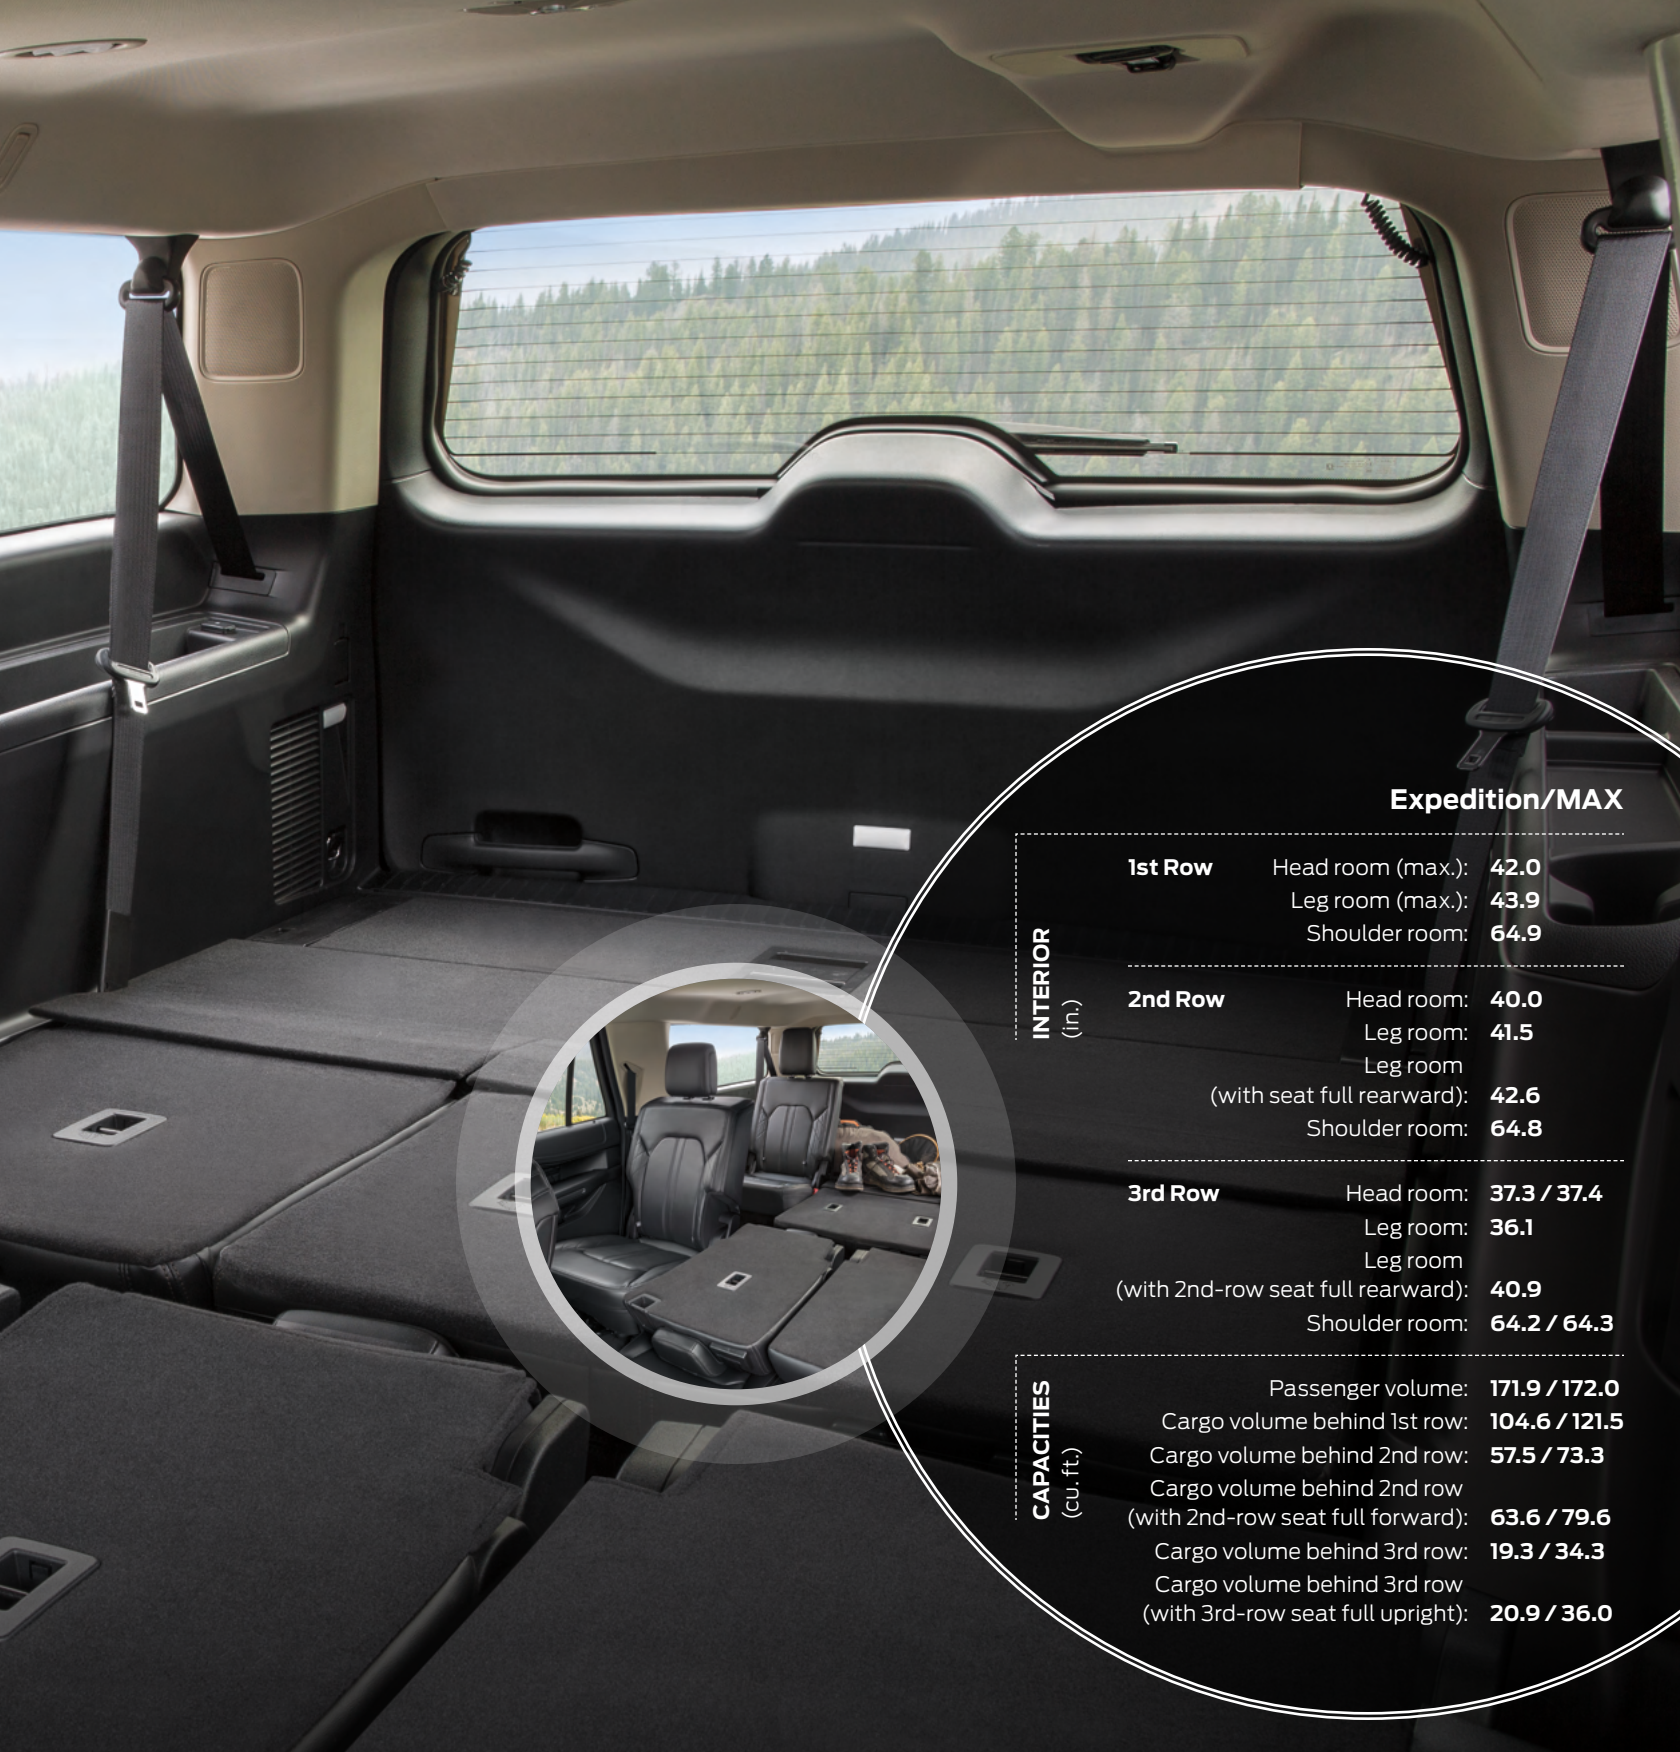

ENJOY THE DRIVE

Your available 10-way power driver's seat (including power lumbar and recline), available power-adjustable pedals, available power-tilt/-telescoping steering column and available power sideview mirrors all have a memory feature. Conveniently recall your stored settings (for up to 3 different drivers) with just the touch of a button.

ENJOY THE RIDE

Not behind the wheel? You'll still enjoy your time in Expedition. FordPass Connect™¹ with Wi-Fi hotspot capability and an available Dual-Headrest Rear Seat Entertainment System allow you to view content from your compatible Apple®² or Android™² devices on the screen mounted to the back of each front seat. Access content via SD card, HDMI cable or USB device as well.

MAX Platinum. Ebony leather-trimmed interior. Available equipment. ¹FordPass Connect (optional on select vehicles), the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. Don't drive distracted or while using handheld devices. Use voice controls. ²Requires device with active data

POWER TO MOVE MOUNTAINS.

That's EcoBoost® power and, in the 2020 Ford Expedition, it delivers up to 400 horsepower¹ and 480 lb.-ft. of torque.¹ A 10-speed automatic transmission with SelectShift® capability utilizes that power smoothly and confidently. Expedition towing capability of 9,300 lbs.² is best in class. Plus, available advanced towing technologies help make towing and backing up your trailer easy. You can even choose which type of get-in-and-go confidence you need using the available Terrain Management System,TM which allows you to choose from 7 preset modes to optimize driving dynamics to road conditions. Scale new heights in Expedition.

EPA-ESTIMATED RATINGS: CITY/HWY/COMBINED MPG³

3.5L ECOBOOST V6

375 MAX. HORSEPOWER
470 MAX. TORQUE (LB.-FT.)

This twin-turbocharged, port- and direct-fuel-injected engine delivers responsive acceleration. The wide 7.4:1 gear ratio span of the 10-speed transmission helps smooth out steps between gears – delivering the engine's power consistently for an enjoyable driving experience.

*Standard on XLT, Limited,
King Ranch**

Expedition / MAX

Fuel tank (gal):
23.6 / 27.8

3.5L ECOBOOST V6 PLATINUM SERIES

400 MAX. HORSEPOWER¹
480 MAX. TORQUE (LB.-FT.)¹

This enhanced version of the 3.5L EcoBoost delivers increased levels of horsepower and torque – befitting the Platinum name.

Standard on Platinum

Expedition 2WD

4WD

Expedition MAX 2WD

4WD

Platinum. Blue. Available equipment. ¹Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary. ²Max. towing of 9,300 lbs. on Expedition 4x2 with Heavy-Duty Trailer Tow Package (not shown). Max. towing of 9,200 lbs. on Expedition 4x4 with Heavy-Duty Trailer Tow Package (shown). Max towing varies based on cargo, vehicle configuration, accessories and number of passengers. ³Actual mileage will vary.

Horsepower, torque, towing and EPA-estimated fuel economy ratings are independent attributes and may not be achieved

FORD CO-PILOT360™ TECHNOLOGY READY WITH AN ASSIST.

From the driveway to the highway, our standard and available driver-assist features¹ are designed to help you feel confidently in command at the wheel of your Expedition.

FORD CO-PILOT360

Standard on every 2020 Expedition

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don't take action, brakes can apply automatically.² It's designed to only activate when needed.

BLIS® WITH CROSS-TRAFFIC ALERT

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you're slowly backing up.

LANE-KEEPING SYSTEM

It happens. Listening to your favorite podcast, you wander too close to your lane's edge. Our Lane-Keeping System³ can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stray a few times and a coffee cup icon lets you know it's time to take a break.

AUTO HIGH-BEAM HEADLAMPS

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

REAR VIEW CAMERA

Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what's behind your vehicle. It also helps when you're lining up a trailer. A washer helps keep the camera free of debris (like dirt or snow), helping you navigate Reverse clearly and with more confidence.

Available equipment shown. ¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ³Lane-Keeping System does not control steering. ⁴If stop is longer than 3 seconds, driver must intervene and press "RES" button or accelerator pedal to resume system operation. ⁵Certain restrictions, 3rd-party terms and data rates may apply. See footnote 1 on the "Your Tech, Your Way" pages, and your Ford Dealer for details.

FORD CO-PILOT360 ASSIST

*Standard on King Ranch® and Platinum
Optional on Limited*

ADAPTIVE CRUISE CONTROL (ACC) WITH STOP-AND-GO

There are few things as tedious as bumper-to-bumper traffic. ACC with Stop-and-Go can help you keep pace on your journey, slowing down or even stopping your vehicle if the traffic ahead has slowed or stopped. When things clear, it can resume your set speed⁴

VOICE-ACTIVATED NAVIGATION

Taking the wrong exit can put a serious dent in your day. Stay confidently on course with our Voice-Activated Touchscreen Navigation System, which features SiriusXM® Traffic and Travel Link® services⁵ to help you avoid traffic, find fuel (gas or java), and so much more.

ADDITIONAL TECHNOLOGY

ENHANCED ACTIVE PARK ASSIST

Never pass up a potential parking space again. Enhanced Active Park Assist makes it easy to park time after time – even in tight parallel or reverse perpendicular spots. Just activate, shift, accelerate and brake while Expedition takes care of the rest. Park Out Assist with side-sensing capability can help you confidently navigate out of a spot when someone's parked too close.

*Standard on King Ranch and Platinum
Optional on Limited*

HILL START ASSIST

It feels good to hold your ground. Especially on a grade. As you remove your foot from the brake pedal to accelerate from a stop, Hill Start Assist can help by preventing Expedition from rolling downhill.

Standard on every 2020 Expedition

360-DEGREE CAMERA

True to its name, the 360-Degree Camera with Split-View Display lets you see around Expedition, from every side. Very helpful while centering Expedition in a parking spot, driving around a crowded campsite or while navigating a tight section of off-road trail.

*Standard on King Ranch and Platinum
Available on XLT and Limited*

GO BIG FOR BETTER ADVENTURES.

With best-in-class max. 9,300-lb. towing capability,¹ you can hit the ground towing in the 2020 Ford Expedition. It all begins with a high-strength-steel frame and high-strength, aluminum-alloy body.² It continues with the 10-speed automatic transmission. SelectShift[®] capability allows you to manually upshift or downshift without using a clutch. Progressive range select mode allows you to lock out the upper gears while towing to help maintain a consistent speed on steep grades. And tow/haul mode features smart shift logic that helps eliminate unwanted frequent gear shifting on steep uphill grades, while allowing engine braking to help maintain vehicle speed when descending a steep grade with a load in tow.

Available Ford Co-Pilot360[™] Technology³ includes Pro Trailer Backup Assist[™] (PTBA), which makes backing up your trailer as easy as turning a knob. Once the system is programmed,⁴ simply rotate the PTBA knob left or right in the direction you want the trailer to go. The system then automatically steers Expedition to turn the trailer the desired amount. While your sideview mirrors are your primary visual aid, PTBA features a Rear View Camera image that allows you to view trailer direction and help determine trailer placement. Further assistance is provided by our available 360-Degree Camera with Split-View Display that works at low speeds in Forward and Reverse. Four cameras let you see all sides of Expedition on the 8" color LCD screen in the center stack.

Platinum. Desert Gold. Available equipment. ¹Max. towing of 9,300 lbs. on Expedition 4x2 with Heavy-Duty Trailer Tow Package (shown). Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers. ²6000-series aluminum alloy. ³Driver-assist features are supplemental and do not replace the driver's attention, judgment and

TRI-ZONE TEMPERATURE CONTROL

Start strong with Expedition XLT. With its 375-horsepower 3.5L EcoBoost® engine mated to a smooth-shifting 10-speed automatic transmission, XLT gets the 2020 Expedition lineup moving. Seating for 8 is standard, so there's room for the whole crew on every adventure. The 2nd row can now be outfitted in available captain's chairs with durable ActiveX seating material. In back, a PowerFold® 3rd-row seat folds flat at the touch of a button to quickly make more room for cargo. Add even more convenience with the available hands-free, foot-activated liftgate. SYNC® 3 voice-activated technology² with Apple CarPlay®³ and Android Auto™³ compatibility gets the party started inside.

FX4 OFF-ROAD PACKAGE

AVAILABLE ON XLT 200A 4x4 & 201A 4x4

FX4 OFF-ROAD PACKAGE WITH 360-DEGREE CAMERA

AVAILABLE ON XLT 202A 4x4 & LIMITED 301A 4x4

Hit the trail running in Expedition FX4. Our easy-to-use 4WD with Terrain Management System lets you select from 7 drive modes to help adapt to different road conditions. Skid plates help protect the underbody. A patented electronic limited-slip rear differential can vary power output from side-to-side in low-traction off-road situations, depending on which wheels need extra traction. Off-road-tuned front and rear shocks help keep you in contact with solid ground. All-terrain tires with thick sidewalls deliver the traction needed over rough terrain. Chrome-plated running boards and 18" Magnetic-painted cast-aluminum wheels complete the rugged look.

GO BEYOND PAVEMENT

New for 2020, FX4 Off-Road Packages are available on Limited as well as XLT models. Equip your Expedition to get out there – and back – with the off-road-capable equipment in these packages.

Available on XLT, Limited

FX4 OFF-ROAD PACKAGE INCLUDES:

- 18" Magnetic-painted cast-aluminum wheels with 275/65R18 all-terrain (A/T) OWL tires
- 1st- and 2nd-row floor liners
- 2-speed automatic 4WD with Neutral towing capability
- 3.73 electronic limited-slip rear differential (eLSD)
- Chrome-plated running boards with angular step bars
- Fuel tank underbody protection
- FX4 badging
- Heavy-duty radiator
- Off-road shocks

PLATINUM

LED HEADLAMPS AND FOG LAMPS

ENHANCED ACTIVE PARK ASSIST

MULTICONTOUR FRONT SEATS
WITH ACTIVE MOTION®

Scale new heights with Platinum. Starting with the power of an enhanced 3.5L EcoBoost® engine that delivers 400 horsepower¹ and 480 lb.-ft. of torque.¹ Outside, bright accents on the door handles, grille, power-deployable running boards and tailgate are complemented by massive 22" aluminum wheels. Inside, enjoy real wood accents and a leather-wrapped steering wheel. Plus, luxury leather-trimmed heated and ventilated multicontour front seats with Active Motion. 1st- and 2nd-row seats feature perforated inserts and quilted bolsters. And new for 2020: leather-wrapped door rollovers, a leather-wrapped instrument panel top, and unique center console side rails for further refinement. You've reached the pinnacle up here. The 2020 Expedition Platinum.
