

This data was collected using Big Village’s Online CARAVAN® omnibus survey. Approximately 1,000 adults (18+) selected from opt-in online panels were surveyed. The results are weighted based on gender, age, education, race, ethnicity, and 2020 presidential vote (or non-vote). Weighting targets are based on the most recent results from the Census Bureau’s American Communities Survey and the 2020 Presidential Election results. The average margin of error is +/-3.1%.

If you have questions or would like to find out more about our polling data, please contact us at publicopinionpolling@big-village.com. Additional demographic cuts available upon request.

Trended data is reported at monthly intervals with weekly data rolled up into corresponding months
