LTL - PARTIALS

LTL (LESS THAN TRUCKLOAD)

We offer less than truckload services from one pallet to 10,000 lbs via our reliable network of regional and long-haul LTL carriers in the United States, Canada and Mexico. We work with customers to find the best LTL solution to match their requirements.

Don't be fooled by the discount game! A 70% discount with one LTL carrier might cost you more than a 50% discount with another carrier. Not all carriers are the same, as evidenced by their service and price.

We can help you sort through the discounts, classes, interlining and billing maze that many times make LTL shipments frustrating and costly. Let LDi be your single source LTL provider and save both time and money.

PARTIAL TRUCKLOAD / LOAD TO RIDE

When should you consider LDi's Load to Ride / Partial Truckload Services?

- If you ship 3,000 lbs or more using an LTL common carrier
- If your freight is light and takes up a lot of space, LTL rates can be high
- If you find it cheaper to send a truckload than send 10,000 lbs
- If you ship 10 or more pallets as a truckload

ADVANTAGES TO PARTIAL / LOAD TO RIDE VS LTL

- Lower risk of damage with less handling
- Lower prices than LTL or Truckload
- Transit times are generally fast

99.85% of shipments
deliver **claim-free**
