

KEEP OUT: Compartmentalized Christianity

Pastor Bill Bowers | February 17, 2019

Compartmentalized Compassion

Scripture: Luke 5:12-15 (NLT)

NOTES:

HOMEGROUP & PERSONAL STUDY QUESTIONS

Scripture: Luke 5:12-15 (NLT)

1. At Mountain View Church of the Nazarene, we believe spiritual transformation takes place best in relationship. Can you describe what this means to you? How are you pursuing your transformation in relationships? Who with?
2. Over and over throughout the Gospels, Jesus pushed back against the social norms of his day. When a person was not supposed to “touch” someone diseased or disfigured, Jesus touched them...and healed them. When certain days were forbidden to touch, work, or heal, Jesus did. What societal norms are you crashing for the sake of the Gospel? Where are these norms you are crashing?
3. Which easier and which is costlier to you? To finance the mission with your savings or to advance the mission with your presence and your time? Can you offer an explanation for your response?
4. There are several mission-advancing-opportunities in our local community that Mountain View Church is affiliated with; do you know what these are? Would you like to get involved? Is this something you might want to participate in with a group? (contact Pastor Jeff Borden: jborden@mvcnlife.org)
5. The most important aspect and the number one goal of the Christian life is to learn, practice, and become like Jesus is. Observing Jesus in the gospels, what trait of Jesus is the Holy Spirit of God calling you to practice and become today? Where will you get help in this step? Who will help you? When will you begin?
