AMERICA'S TRUE CONSERVATIONISTS

SINCE 1939, STATE FISH AND WILDLIFE AGENCIES HAVE RECEIVED OVER **\$71 BILLION** FROM SPORTSMEN AND WOMEN

In addition to providing healthy, abundant fish and wildlife populations through habitat improvements and species management, sportsmen and women also contribute to access to public lands, recreational shooting facilities, improved water quality, soil conservation, and hunter and boater safety programs through conservation funding.

60%

of the funding for state fish and wildlife agencies, on average, is generated by sportsmen and women.

THIS "USER PAYS -- PUBLIC BENEFITS" PROGRAM KNOWN AS THE AMERICAN SYSTEM OF CONSERVATION FUNDING ALLOWS THE PUBLIC TO SUSTAINABLY ENJOY OUR NATION'S TREASURED FISH AND WILDLIFE RESOURCES AND THEIR HABITATS.
