*A note about this brochure: all disclaimers and disclosures can be found on the back cover.

¹Available features.

¹Based on 2014 EPA-estimated 23 city/30 hwy mpg with 2.0L engine and 5-speed manual transmission, 4x2. Actual mileage may vary.

⁰Requires Trailer Tow Prep Group. Additional equipment may be required.

30 MPG*

2.0L DOHC 16V DUAL VARIABLE VALVE TIMING (VVT) 1-4 ENGINE

The standard 2.0L DOHC 16V dual VVT I-4 engine mated with the five-speed manual transmission delivers an outstanding 4x2 EPA-estimated 30 mpg on highways and 23 mpg* in the city, and shows off with 158 hp and 141 lb-ft of torque. It can also be paired with the available CVT2 automatic transaxle. With numbers like these, you have the freedom to extend the adventure and travel more than 400 miles on a full tank of gas.†

2.4L DOHC 16V DUAL VVT I-4 ENGINE

This available engine also pairs with the five-speed manual transmission for a brilliant mix of an EPA-estimated 4x4 fuel economy of 23 city/28 highway mpg** with 172 hp and 165 lb-ft of torque.

SIX-SPEED AUTOMATIC TRANSMISSION

Enjoy a smooth ride regardless of whether you're traveling over road or trail. This available six-speed PowerTech automatic transmission has a low first gear for quicker takeoffs and a tall top gear for relaxed highway cruising. A stepped shift schedule across all six gears is designed for optimal city fuel efficiency. The fact that the transmission fluid's fill-for-life design helps reduce maintenance costs just adds to the pride of ownership.

FREEDOM DRIVE II® FOUR-WHEEL-DRIVE SYSTEM

This available system gives Compass its Trail Rated® chops with features like full-time 4WD with LOCK mode, Off-Road mode with Hill Descent Control and brake traction control. Torque is adjusted on demand for added fuel efficiency. Its all-weather capability expertly handles more difficult off-road situations, as well as deeper snow, mud and up to 19 inches of water.⁷

CONTINUOUSLY VARIABLE AUTOMATIC TRANSAXLE II (CVT2)

The available CVT2 with AutoStick uses a 30-mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed, resulting in an easy-gliding, quiet ride. The AutoStick shifter puts optimal vehicle performance under your command – a driver interactive manual control with six simulated stepped-gear ratios.

The available CVT2L System found on the Freedom Drive II Off-Road Group boasts a low range that provides the torque multiplication needed for water fording, steep grades and crawling slowly in off-road events. Includes an Off-Road mode that delivers an off-road capable 19:1 crawl ratio.

^{*}Based on 2014 EPA-estimated 23 city/30 hwy mpg when equipped with a 2.0L engine and five-speed manual transmission, 4x2. Actual mileage may vary.

†Equipped with 13.6-gallon tank.

^{**}Based on 2014 EPA-estimated 23 city/28 hwy mpg when equipped with the 2.4L engine and five-speed manual transmission, 4x4. Actual mileage may vary.

WATER FORDING⁷

Traverse streams with confidence knowing your available Trail Rated® Compass has additional electrical and body seals, plus a high air-intake location. You'll enjoy the capability to safely manage in up to 19 inches of water.⁷ Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

TRACTION (

The available Trail Rated traction helps you maintain controlled forward motion on snowy back roads and over icy urban bridges. You can climb steep sand dunes and master muddy two-tracks. Others may fear untamed terrain, but your available Trail Rated Compass has the traction within to master all kinds of topography and driving conditions.

MANEUVERABILITY (

Every Compass is born with the athletic ability to navigate narrow gaps, handle emergency situations and avoid cosmetic damage to underbody sills, thanks to precision steering and optimized wheelbases.

ARTICULATION (

The suspension system of Compass enhances on- and off-road performance by maximizing flexibility, axle articulation and wheel travel. In the event that one or more wheels become elevated, $\operatorname{Jeep}_{\scriptscriptstyle{\circledR}} 4x4$ systems help the others stay on the ground longer to keep you moving forward.

TRAIL RATED® BADGE

The badge of honor bestowed only after mastering a series of grueling tests on the toughest of terrain in five distinct categories.

FEAR NO SNOW YOUR 4x4 TRAIL RATED COMPASS INSTILLS THE CONFIDENCE TO HELP CONQUER THE MOST

GROUND CLEARANCE

Head out knowing your available Trail Rated Compass has optimized approach, departure and breakover angles designed to clear logs, rocks and uneven ground. The undercarriage is protected too, with forged skid plates that cover the vehicle's most valuable underbody elements.

TAKE ON THE WORLD WITH WORLD-CLASS STYLE

Reach for an impressive standard of style with Compass Altitude. It attracts serious attention with Gloss Black exterior details including mesh grille inserts, fog lamp bezels, roof rails, rear bumper and rear light bar, plus unique wheels and badging. Powered by the sturdy 2.0L dual VVT I-4 engine and CVT2 transmission or 2.4L dual VVT I-4 engine and six-speed automatic transmission, Compass Altitude expertly navigates with authentic Jeep $_{\odot}$ brand confidence. Inside, soft-touch surfaces, quality materials and standard heated Sport Mesh cloth/vinyl seats are patently upscale.

A shifter bezel sports a Chrome bezel ring and shift knob cap, while an optimally arranged instrument panel puts vehicle data front and center. For the comfort and convenience of all passengers, air conditioning, power windows, power locks, power heated exterior mirrors, Remote Keyless/Illuminated Entry, illuminated cup holders and cruise control are available. Choose Compass High Altitude and add a fresh-air sunroof, premium heated leather-trimmed seating with power 6-way driver's seat, 17-inch aluminum wheels, Bright Chrome side roof rails and unique badging.

COMPASS ALTITUDE

PARKVIEW® REAR BACK-UP CAMERA3

The available ParkView Rear Back-Up Camera³ helps you park and back out with grace. The system displays a rearview video image with static distance grid lines when in Reverse. During parking and other similar maneuvers, the system helps bring previously hidden rear objects to your attention on-screen, giving you time to react. Standard on Limited models.

GRAB FREEDOM BY THE WHEEL

GO ALL OUT WHEN YOU GO ALL IN

Compass Limited allows you to bask in upscale details and make every mile more meaningful. Standard premium perforated leather-trimmed seats with detailed stitching are all-inviting, particularly for those enjoying the standard heated front seats. Instrument panel gauges are clearly in view, trimmed with Satin Chrome bezels and accents. And the available Uconnect® 430N with Garmin® GPS navigation and 6.5-inch touchscreen includes a remote USB port for playing or transferring files plus an audio jack input so you can play music from almost any audio source. Unexpected standard conveniences like the illuminated front-console cup holders, automatic temperature controls and leather-wrapped steering wheel-mounted controls that operate features like an available Bluetooth® enabled phone, navigation, standard SiriusXM® Satellite Radio⁵ and cruise control make the ride even more enjoyable.

SOUND THE CALL

Tune in to the available Premium Sound Group that includes a robust nine-speaker Boston Acoustics® sound system with subwoofer. Two powerful flip-down liftgate speakers act as a portable sound system. Just open the rear hatch, swing down the speaker unit and set your music free for all to enjoy.

PARKVIEW® REAR BACK-UP CAMERA3

This available system displays an accurate visual reference of what is behind your vehicle when in Reverse.

STANDARD SUPPLEMENTAL FRONT-SEAT MOUNTED SIDE AIR BAGS⁸

Each side air bag8 has its own sensor to autonomously trigger the air bag8 on the side where the impact occurs.

ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS⁸

These air bags⁸ provide nearly instantaneous occupant protection by matching air bag⁸ output to crash severity.

POWER HEATED EXTERIOR MIRRORS

Melt snow and ice off your sideview mirrors as you simultaneously warm up your interior. This available power-adjustable feature also helps to keep your mirrors icicle-free as you drive.

ELECTRONIC STABILITY CONTROL (ESC)²

An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates the antilock brake system (ABS) with hydraulic Brake Assist, all-speed traction control and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course. When needed, the system automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected.

MORE THAN 30 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES ARE ENGINEERED TO GIVE YOU PEACE OF MIND

TIRE PRESSURE MONITORING SYSTEMS

Embedded sensors continuously monitor the pressure in the tires and will immediately notify the driver when levels drop below the minimum acceptable level.

HALOGEN HEADLAMPS AND FOG LAMPS

These bright sources of light improve down-road visibility at night or during inclement weather.

HILL START ASSIST (HSA)

This system works to prevent your Compass from rolling away when starting the vehicle on an upor downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard on manual transaxle models and included with the available Trail Rated, Freedom Drive II® Off-Road Group.

FRONT-SEAT ACTIVE HEAD RESTRAINTS9

In the event of a rear-end collision, the head restraints9 move forward and upward to decrease the space between the headrest and the occupant's head, thereby helping to reduce the chance of injury.

Manage all of your media. You'll have several ways to access audio. Get the sound going via CDs, DVDs, MP3s, remote USB port, audio jack input, hard-disc storage, Voice Command, Sirius XM® Satellite Radio (your first year of service is included) and Bluetooth® Streaming Audio.

PHONE

Talking on the phone while driving has never been easier – or more responsible. Uconnect® Phone is the in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth compatible phone virtually hands-free.⁴ This clever system is also smart enough to synchronize with your Bluetooth compatible phone's

contact list¹⁰ – up to 1,000 entries – every time you get into your vehicle.

NAVIGATION

Provides turn-by-turn directions and lane guidance to nearby restaurants, shopping, hospitals or local points of interest.

VOICE COMMAND⁴

It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM Satellite Radio⁵ channels, or make calls.

WEB

Put the power of high-speed Internet in your vehicle with Mopar® Web.¹¹ Effortlessly connect any WiFi enabled device to the Internet at broadband speeds, making your vehicle a mobile hotspot. Passengers can use multiple devices at the same time. There's no need for cell cards or software with this unique Authentic Accessory by Mopar – it's all wireless. Subscription required. Sold separately.

SMART TECHNOLOGY THAT'S MASTERFULLY SIMPLE

Head out in the right direction with Garmin, the most recognized name in GPS wayfinding. It features Garmin's intuitive user interface and navigation with lane guidance, bringing the popular handheld experience to a factory in-dash screen.

TRAVEL LINK SIRIUSXM TRAVEL LINK

Access a wealth of information at your fingertips, including national and local weather reports, local gas prices, in-game and final sports scores, weekly movie times, even local ski slope conditions. Subscription is required after 5-year trial service.
