DESCRIPTION Our outdoor rated color changing RGBW LED Flood lights incorporate 4 in 1 Epistar LEDs to create vibrant color changing options as well as cool white in outdoor spaces. Flood any indoor or outdoor space with color and mood with our 24VDC flood lights, RGBW Controller and 24VDC Constant Voltage power supply. With the right RGBW controller(s) this fixture can output over 4 billion shades of vivid color and can also be incorporated with other RGBW lighting products or DMX control systems. This light is encased in an IP65 water-resistant aluminum alloy shell. Tempered glass and stainless fasteners give this light long lasting outdoor use. The light can be controlled by RGB or DMX controllers using a 5-pin, 4-loop common anode connection. Each fixture includes one 5 wire connector to bare lead wire. This product is non-submersible and will get longest life when installed in an area protected from constant water and sun.
