**TECHNICAL SPECIFICATION**

**Application**

- intended for illumination with a narrow line of light, in grooves, or for attaching various functional and architectural elements, stage design and exhibition forms

**Assembly**

- with mounting adhesives, professional double-sided tape

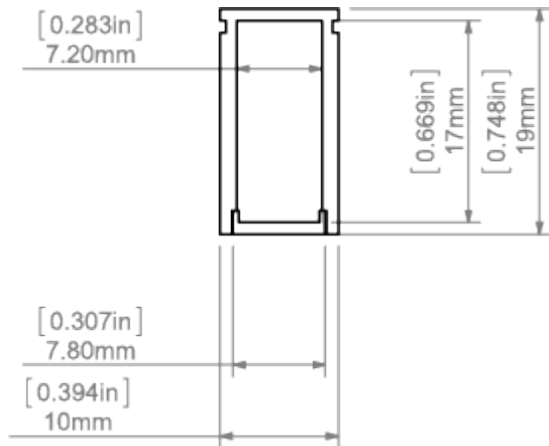

**Additional information**

- frosted covers (diffusers) and aluminum-colored plastic end caps are available for this extrusion
- spece for LED strip: 0.28" / 7.2 mm

Possibility of making a linear fixture with IP67 protection, which means the fixture is dustproof and waterproof.

Turn off LED lights during peak day light hours in outdoor applications to avoid excessive heat buildup which will result in diminished LED life.
