DESCRIPTION	Our Mini LED Sync Dimmer uses the latest technologies to deliver functional LED dimming control in a small and concealable package. The touch sensitive Monochrome RF Remote offers smooth 5-100% dimming with 50% and 100% quick control buttons. A built in magnet allows you to mount the RF remote to any metal surface. Using state of the art radio frequency control, the user can pair unlimited Mini Remote Controls to a single Mini Receiver. Likewise, each remote can control an unlimited amount of receivers in the given 150ft RF control range. At 3A x 3CH the Mini Receiver can handle a maximum load of 108W at 12VDC or 216W at 24VDC. With it's small size and unique control capabilities this LED Dimmer can be used in any type of LED lighting application.
