SEE.SENSE WARRANTY

Limeforge Ltd provides a warranty for ICON for 12 months from the original date of purchase by the original owner (proof of purchase required). This warranty covers parts and workmanship on the LED light housing, LED, mounting bracket and electronics but not normal wear and tear, improper installation, improper use, attempting to access the electronics, modifying the electronics, accidental damage, or damage or failure due to neglect. If you need to make a claim on the warranty, then return ICON with your original receipt to the point of purchase.

Do not attempt to disassemble ICON or to modify the electronics. Doing so will void this warranty.

WE ARE HERE TO HELP

If you are experiencing any problems with your ICON send an email to team@seesense.cc

For replacement parts, visit the See.Sense webstore at www.seesense.cc or send an email to team@seesense.cc

TO TURN ON

Press and hold the button for two seconds.

TO TURN OFF

Press and hold the button for two seconds. Alternatively, after 3 minutes of inactivity the light will enter sleep mode. It activates again on movement.

TO CHANGE MODE

With the light turned on, press the button briefly to change between flashing and constant modes.

MOUNTING

Select and insert the correct adapter. Hook the strap over the mounting lugs. Stretch the strap around the bike. Secure over the other mounting lugs. Adjust the strap to ensure equal tension on both sides. Ensure ICON is firmly attached to the bike.

WARNING

See.Sense ICON is a very bright light. Do not look directly at the light, or shine it directly at others. Keep it out of reach of children and pets. Staring into the light can cause serious injury. Use ICON with care at all times.

Carefully inspect ICON before every use. If you find any damage, corrosion, or leaking, turn it off and contact us for guidance.

Do not disassemble ICON. Do not dispose of ICON in household waste. Do not incinerate ICON.

Limeforge Ltd do not warrant that ICON complies with all local traffic laws and regulations.

Limeforge Ltd accepts no liability for any injuries or other damages arising from the use of this product in any circumstances.

See.Sense ICON is proudly designed and manufactured by Limeforge Ltd in Northern Ireland (UK).

ICON APPLICATION & FEATURES

Download the smart phone app from either the Apple App Store or the Google Play Store.

The app will explain the process of pairing lights and will unlock a range of features including updates, crash and theft alerts.

We recommend that you use the app to update the the light with the latest firmware before use.

TO CHARGE

Remove the rear adapter, insert the supplied micro USB cable and connect to a charging source such as a laptop or phone charger.

FUEL GAUGE

When ICON is turned off a flashing LED shows the remaining battery. Green indicates 75% and red indicates less than 25%. For a more accurate battery level use the smartphone app.

IMPORTANT INFORMATION

Charge ICON fully before you use it for the first time.

To maintain the battery's performance, charge ICON fully at least once a month.

ICON is IP67 rated under normal use, do not subject it to high pressure water jets or intentionally submerge it in water. In the unlikely event that moisture appears inside ICON turn it off and contact our service department for guidance.

Clean ICON using a moistened cloth and mild detergent only. Do not use corrosive, solvents or abrasive materials to clean ICON.

ICON uses extremely powerful LED's which get hot in use. A thermal protection circuit temporarily reduces brightness if it approaches its thermal limits.
