

**How to Update License Enabler File (LEF)**

It's recommended to update your License Enabler File (LEF) every time your maintenance is renewed.

Please follow the steps to update LEF.

Under QMC got to

System>Licenses>QlikView Server> QlikView Server License and then click on "Update License from Server"  
 (you will need active internet connection for this)

After this you will see updated information in the screen.
