White	Blue	Not Used	

Wire J1939 when available (newer trucks) and J1708/J1587 if not (older trucks)

To find out if you require the revision 1 or revision 2 colour code, please look to see if your VNA2-BT harness includes a **brown** wire.  
If it does, please use the revision 1 wiring, if it does not include the **brown** wire, please use revision 2. Please note the differences before choosing the correct colour code.

9 Pin Connector

6 Pin Connector
