**Hi Gherard,**

Below you'll find the August overview for your BUX Zero account. You can use this to fill in your declaration concerning tax on stock-exchange transactions (TST). As an investor living in Belgium, you are required to pay tax on all transactions executed on an exchange.

## **What is TST?**

Belgian tax residents are required to pay tax after every transaction in a Belgian or foreign financial security. It's called the Belgian Stock Exchange tax or 'taks op de beursverrichtingen' (TOB). This tax is calculated as a percentage of the total price of the executed orders. For shares the percentage is 0.35% and for ETFs the percentage is 0.12%. The maximum amount of tax per transaction is €1600,-.

## **How to fill in the declaration?**

You need to download the declaration form [here](#), print, fill in, sign and send the form to [CPIC.TAXDIV@minfin.fed.be](mailto:CPIC.TAXDIV@minfin.fed.be). The declaration must be filed and the tax paid no later than the last working day of the second month following the month the transaction was executed. Please note that the filing of your declaration is your sole responsibility and that BUX will not accept any related liability.

For example, if you bought a stock subject to TST in July, the declaration must be filed (and tax paid) by the end of September. If you buy in August, you have until the end of October.

## **Where and how does the TST have to be paid?**

The tax must be paid via bank transfer or deposit to the following bank account:

Name: van het Inningscentrum – sectie diverse taksen  
IBAN: BE64 6792 0022 2952,  
BIC:PCHQ BE BB

It is important that the communication accompanying the payment is structured as follows: 'TOB/your identification number'.

More information can be found on: <https://financien.belgium.be/>.
