ZingHR Core Release Notes

• Introduction

This document communicates the new features and enhancements in this release of the ZingHR Web Application Attribute Version It also documents known problems and workarounds.

• About This Release

This release aims at making the end user self-sufficient to configure the system as per requirements and seamlessly use the feature functionalities. It focuses on the end user experience for ease of usage and simplicity in work flows.

• Compatible Browsers

This product has been tested on the following browsers Except Recruitment Module.

- Chrome
- Firefox

• **New Features**

Recruitment-

- Planning & Budgeting -Add / Edit Description and Create Requisition: Instead of entering the Position Description manually now the flexibility to parse the uploaded JD is made available, which can be modified post the position description are parsed.
- Recruiters manual entry now is made it so easy means the resume file which is uploaded by the Recruiters / Consultants in the Add application form would be auto parsed.Allow provision to bulk upload the resumes in one go and auto parse those resumes in the system is made available.
- Signatory was not getting uploaded without the Signature image is now made non mandatory, so the signature image if not uploaded still the signatory can be created in the system.
- Basic calculation is made available instead of entering CTC, Gross amount in Salary Fitment Screen for which the configuration will not have Gross Based / CTC Based configuration on.
- Consultant Mail Link--Role based adding of Consultant provision, also recruiters can assign number of position against each requisition to consultants and they will receive mail on the updated email id mentioned in the masters; Email would consists of the link for adding the candidate information by the consultant which would be viewed in Screening Stage.

Payroll Cockpit-

- Role based access for providing inputs for payroll processing feature - Differed for two days.

Employee Dossier:-

- ED Configuration based on field configuration feature has been introduced.

• **Small /Major Fixes**

- Late coming/Early Going time not be added to Working hours for attendance formation.
- In Time and Out time for OD to be renamed "OD In" and "OD out".
- Change the color out door application.
- Sandwich rule should show weekly offs and holidays in purple color.
- Short leave group wise application issue resolved.
- Leave clubbing rule is not working ,issue got resolved.
- Duplicate Weekly off Swap should not be allow for that particular day (validation for weekly off to weekly off swap is not considered).
- Notification of (Pending Since last Time) aging value should get freeze after approval/rejection.
- In TNA regularization, when kept a cap for number of regularization, system throws an exception of regularization exhausted even when no regularization is applied.
- Early going and late coming rules cannot be combined in single instance.
- Employee is not able to apply for regularization when the shift assigned is night shift. (Overlapping).
- If made changes in the Holiday master the changes don't get reflected on the attendance dash board.
- If calendar group is changed new weekly off doesn't reflect as per new calendar group.
- In Late coming rule if, 60 mins is exempted then the 60 mins are actually deducted from the working hrs.
- Auto Reject issue because of which leave balance Increases(Proper configuration needed).
- Time zone date to be managed for the Login, it gives an issue e.g. Knoah.

• **Small /Major Fixes**

- we need to remove the "Employee Code" from the SMS that is triggered for Password Reset and Forgot password link. Instead, the Employee Code should be "Your Employee Code".(email sender).
- Actual Last Login issue resolved.
- Middle Name of the employee is not available in the email sent, issue resolved.
- PAN / ADHAR /PASSPORT/VOTERID duplication validation require in my profile ,Currently system allow duplicate entry while Edit- issue resolved.
- Request application in queue, without earlier request being approved- issue resolved.
- In single employee creation page, reporting manager search with name as well as employee code - issue resolved.
- In ED, Under Nomination Details Multiple Request has been sent even we apply a single request.- issue resolved.
- Help Desk -> Hide and Collapse menu Issue.- issue resolved.
- GeoFencing -Punch IN/OUT - Not sync with dashboard.- issue resolved.
- About me gender update - issue resolved.
- Employment History Date of Joining- issue resolved.
- SMS Removed from Timesheet.- issue resolved.
- Email and SMS design changes - issue resolved.
- Resignation letter Document not upload after employee search-- issue resolved.

- **Limitations**
