ZingHR Core Release Notes

• Introduction

This document communicates the new features and enhancements in this release of the ZingHR Web Application Attribute Version It also documents known problems and workarounds.

• About This Release

This release aims at making the end user self-sufficient to configure the system as per requirements and seamlessly use the feature functionalities. It focuses on the end user experience for ease of usage and simplicity in work flows.

• Compatible Browsers

This product has been tested on the following browsers Except Recruitment Module.

- Chrome
- Firefox

• Small Fixes

ELC –

- E-Resign option is working only from dashboard. For e.g. if we are in My profile page and click on E-Resign then it is not working.
- There is no Provision from front end to enable the ELC icon which is display in Dashboard header.
- Template does not upload for manager mapping .

ZingCore-

- On error occurred page 'Login' button is not working.
- When session is expire but still help desk module is working, It should also be expire.
- Geo Config for Employee screen is not working.
- When we keep login page open for sometime and then try to login it shows error occurred on page.
- In Left side menu Home should be display at first position then Attendance.
- When we click on timesheet then Geo Config icon gets disappear.
- Unable To Add PNG files In ED Identity Proofs.
- For New Signup "UNDERTAKINGS" should be unchecked In ED.
- Drag & Drop Should Not Work on Login page, password field.
- Copy Paste should not be allowed in Change Password Field.
- Forgot password flow changes.
- Add another filter in portal launch screen for identifying new joinnes in a system and also employees who never sent portal launch email.

- Notification for Passport and Visa Expire(1 month prior of expiry)(I3 Consulting/Hilleman).
- PAAS - Change Password issue for first login.
- Add Master for adding qualification and stream.

TNA/LMS-

- When we click on Setup circle it shows session expire within the frame.
- In Production when we apply a leave sometime it shows 'Communication Failure' Error.
- Please remove OAS from Attendance, It is visible Outside also.
- Shift selected and rules stored, don't show in the front end categorically for radio buttons.
- TnA -Modify' option should be available while saving a rule.
- NSPIRA - due to large data, Roles defination screen gets hanged.
- Due to large amount of employees, page gets hang while assigning role to the employees.
- Attendance - When Outdoor is approver and job is not executed yet then on mouse hover it shows status NULL.
- If we save a company setup then it shows 'Error'.

Claims-

- Claim - Attachment is non mandatory in save as draft action.

Payroll Cockpit-

- Payroll Report Download Issue.
- Master update,error# popup, the data gets saved thoughDOL reversal, 1/1/1900 issue.
