

PDF files that have fractions do not render properly anymore. This seems to be a new issue. I have attached screenshots that depict this issue.

1. This is what the PDF file that is on my board looks like. Notice the fractions are not being displayed.

## 2. This is what the PDF file should look like.

### Multiplying Rational Expressions

1) Simplify:  $\frac{8m}{(3n)^2} \cdot \frac{6n^2}{16m^2}$

2) Simplify:  $\frac{8a^3b^4}{21c} \cdot \frac{14c^2}{2a^2b^2}$

3) Simplify:  $\frac{4x}{x^2 - 16} \cdot \frac{4x - 16}{12x^3}$

4) Simplify:  $\frac{3h}{h^2 - 25} \cdot \frac{5h + 25}{27h^3}$

5) Simplify:  $\frac{x}{3x + 15} \cdot \frac{2x^2 + 11x + 5}{2x^2 + x}$

6) Simplify:  $\frac{x^2 - 4}{x^2 + 4x + 4} \cdot \frac{x^2 + 2x}{x^2}$
