

# INTERACTIVE REAL-TIME CONFERENCING

Feature Rich Web & Voice Conferencing Solutions

## NEXT GENERATION WEB CONFERENCING SOLUTIONS

Cloud One UC Web Conferencing is our comprehensive turnkey web conferencing service hosted by Cloud One UC enabling:

- Web Presentations
- Audio Conferencing
- Multi-Presenter Seminars
- Multi User Video
- Remote Desktop Supporting
- White Boarding
- Desktop Sharing
- Branded Landing Pages

### FLEXIBLE WEB CONFERENCING

Delivering online presentations, conducting audio and video conferencing or simply using desktop screen share for IT support is simplified with the Cloud One UC Web Conferencing platform. Instantly conduct meetings and add participants on the fly, all on your personal branded landing page without any messy plugins or downloads. Impress your clients and offer better business solutions with Cloud One UC Web Conferencing technologies.

### QUICK BY THE CLICK

Being agile in business is being better. With Cloud One UC Web Conferencing solutions schedule meetings via the calendar in just seconds and click the tools you need to communicate effectively. Private IM chat to select participants, use the annotation pen to focus attention on the subject and send files instantly to participants with just a click!

### EASY SETUP

We have integrated the audio conferencing infrastructure of our voice control platform into our web and video platform to provide users multiple access points across PSTN, mobile and VoIP carrier networks. Dial in from home phones, smartphones, computers, iPads virtually any device on any OS.
