

Secure online payments made easy

Quick, simple experience with SWP Checkout.

Building a portal to accept online payments takes time, money and technical resources. Save those resources and send your payers to Forte's Secure Web Pay (SWP) Checkout instead. Our website takes credit card and eCheck payments for you, keeping payment information safe with PCI Level 1 compliance.

KEY BENEFITS

Collect sensitive payment information and reduce your PCI scope using SWP Checkout.

No developers necessary

The Forte team will help you set up this user-friendly checkout solution.

Secure payments

Our Forte-hosted checkout solution is PCI compliant. All payment information is tokenized.

Payment methods

Accept credit/debit cards and ACH payments.

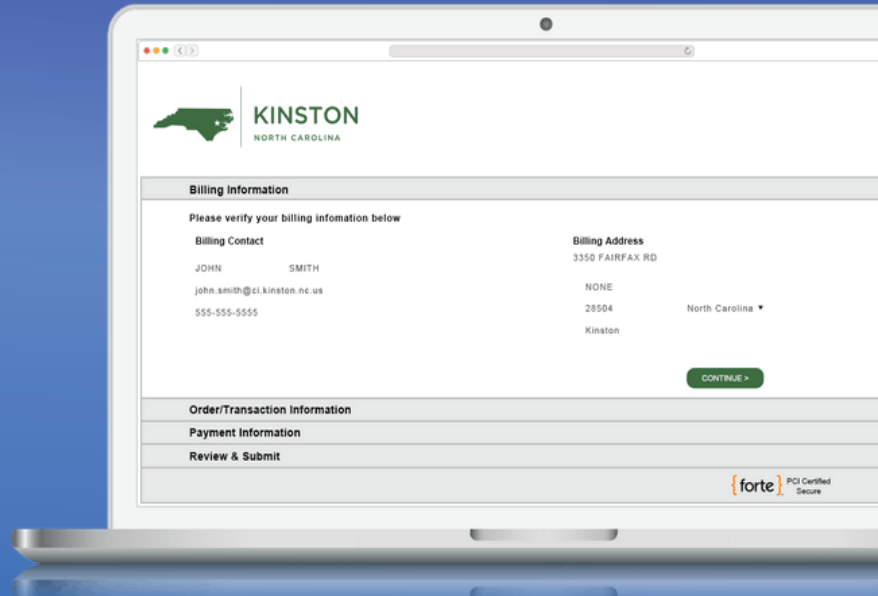

Merchant customization

Tailor the customer experience with your own images and field validation.

Accept card-not-present transactions on your website today

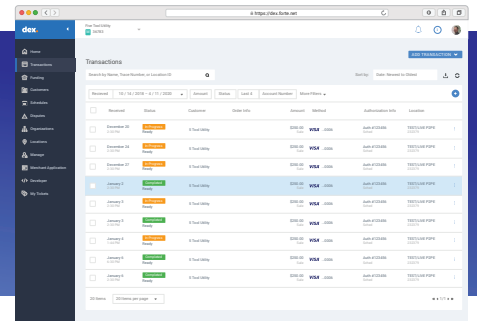

Why choose SWP Checkout?

- ✔ No development skills necessary
- ✔ Easy integration: Forte builds a payments module and you're ready to go live
- ✔ Customers are redirected to a Forte-hosted webpage for payments
- ✔ Access real-time data for custom reporting
- ✔ Modern encryption and tokenization
- ✔ Minimizes risk of a data breach or fraud
- ✔ Quickly allows for third party software to post cart contents directly into the form
- ✔ Compatible with V400C point-of-sale (POS) terminal

Meet Dex.

- ✔ Dex is a cloud-based platform that provides complete payments management in one location.
- ✔ Reporting, dispute management and more—right at your fingertips.
