

## AV - interface connections

Below illustrated are the connections seen from the front of the Input Connector.

Connection scheme:

Pin	Color	Function
1	White	Audio In Left
2	Yellow	CVBS In
3	Grey	NC
4	Grey	NC
5	Grey	NC
6	Red	Audio In Right
7	Grey	NC
8	Black	Dedicated Video input ground
9	Grey	NC
10	Grey	NC
11	Black	Dedicated Audio input ground
12	Grey	NC
13	Blue	"Case" ground
14	Grey	NC
15	Grey	NC
16	Blue	"Case" ground screw terminals
17	Blue	"Case" ground screw terminals

Dedicated ground connections are routed to the analog ground domain of the internal video- audio-decoder chipsets.

## A/V Cable

For interface connection to external A/V source(s) the Triax part 300745 or 300748 may be used.

A “modified” quick-view is shown below (Note that “OUT” refers to external AV sources out).
