

# SINGLE SIGN ON GUIDE

## HOW TO SIGN IN TO THE NCCER SINGLE SIGN ON

Using the single sign on (SSO) portal, you will now sign into all your NCCER systems in one place, including the: Registry System, Testing System, Assessment Platform, and Shop.

Go to <http://www.nccer.org> and click the top-right **Sign In** button.

On the main **Single Sign On** page:

**IMPORTANT:** If you have an **existing Registry login**, it's important to use your **NCCER Card Number** and **password** to sign into SSO for the **first time**. This connects all your roles so that you can access everything you need from one location. If you **don't** have a **Registry login**, please use **either** your **Assessment Platform** or **Shop Email** and **password**.

1. **First time users** enter your **NCCER Card Number (Registry Users)** or **Email Address (Assessment Platform or Shop)**. After your first sign in, users can then use **card number** or **email address**.
2. Enter your **Password from your existing NCCER account**.
3. Click the **SIGN IN** button.

### Sign In

If you have an existing NCCER account, sign in below.

<input type="text" value="Email or Card Number *"/>	<input type="password" value="Password *"/>
