

Release 47 – Release Notes

Release published 12th July 2017

Tik.me Portal - <https://app.tik.me>

- **Enhancement:** Users taking the Streamlined NPC can now go back and change their details before the declaration.
- **Enhancement:** The streamlined NPC now has front end validation, and will inform the users of any missed details prior to moving to the declaration.
- **Enhancement:** The layout of the Declaration page in the Streamlined Police Check process has been improved.
- **Enhancement:** The help text in the Enter Share Code page is now dynamic and can be set via the Admin portal. The slug to be used for this is **workready-position-sharing-help**.

Organisation Portal – <https://org.tikforce.com>

- **Enhancement:** After adding a user via the “Add & Allocate” screen it will now redirect the admin or manager to the “Manage Share Codes” screen and the most recently added user will display on top of the list. There is a link to then go back to the Add Worker page.

In addition to this, since the share code is for one-time use only, once the code has been used, the user will no longer appear in the Manage Share Codes list.

This enhancement can be accessed from the Organisation Portal at:

Main Menu > Workers > Add & Allocate Workers > Add Worker

- **Enhancement:** All the Data tables have been updated to sort by Date.
- **Bug Fix:** An issue where managers of an organisation would see an unnecessary dropdown menu for the credentials of a worker in their details page has been fixed.
- **Bug Fix:** An issue with validation error message being displayed while creating new content with no text in the description field on the create content screen has been fixed. This fix can be accessed from org portal at:

Main menu > Manage Content > Create New Content

- **Bug Fix:** An issue with a Manager losing data (worker's name and email address) while assigning an ID card number to a worker has been fixed. This fix can be accessed from Org portal at:

Main menu > Positions > Manage Positions > View Details > Assign ID card numbers.

TikForce Positions – <https://app.WorkReady.jobs>

- **Enhancement:** All the Country dropdown lists have been updated to default to "Australia" on the Streamlined Police Check.
- **Enhancement:** Users can now see the description as well as the name for each TikForce position on the index page.
- **Enhancement:** On the Streamlined Police Check, the section named "Other Details" has been renamed to "Personal Details" and the "Place of Birth" details have been moved into a new section.

Verification Portal - <https://verify.tikforce.com>

- **Enhancement:** Verifiers are now emailed when a worker completes a post-verify position for their entity.

MTM ID Site - <https://id.tik.me>
