

Release scheduled to Go live on 23-Jan-2018

What's New

- New one step sign up for new workers added to an organisation.
- TikForce users who complete a Police Check and receive a DCO result, can now call TikForce support and request a **Dispute Form**.
- The Informed Consent for the National Police Check has been updated with new text.
- New Content Slugs have been added to TikForce Positions Help sections.

Tik.me Portal- <https://app.tik.me>

No Changes

Organisation Portal- <https://org.tikforce.com>

Enhancement: The Positions API now includes the Modified Date of users collected by it, and also includes a new method called "PositionVerifiedUsers", which retrieves all users of a position that were once "Verified", but have now changed status to either Expired, Cancelled, Withdrawn, or Declined.

This enhancement can be accessed via the API.

Enhancement: The sign-up procedure for new users that are added to an organisation has been updated.

Users will now receive a single email with a link to the position. When they access the position, they will be asked to set their password, finishing their account creation.

This enhancement can be accessed from Org Portal at:

Main menu > Workers > Manage Workers > Add Worker

Enhancement: We have changed the URL's in positions.tikforce.com to match our new branding. All URL's that included the branding "WorkReady" have been changed to use the branding "Positions".

This enhancement can be accessed at the Org Portal

Enhancement: Forms in the org portal now have placeholder text or default values where possible.

This enhancement can be accessed at Org Portal

TikForce Positions- <https://positions.tikforce.com>

New Feature: TikForce users who complete a Police Check and receive a DCO result, can now call TikForce support and request a Dispute Form.

Enhancement: The Informed Consent for the National Police Check has been updated with new text.

This enhancement can be accessed at any TikForce Position with a National Police Check.

Enhancement: New Content Slugs have been added to TikForce Positions Help sections.
