

How we stack up.

District-wide/School-wide Announcements (One-way)

- SIS Integration - Continuously sync sites/users/classes
- Emergency & general mass communication
- Multiple modality delivery (email, sms, voice, push)
- Text & Text-to-speech language translation (automate, edit, collaborate)
- Ability to reach multiple guardians per student
- Automated attendance calls
- Automated lunch balance reminders
- Automated bus route information
- Capture voice recordings via computer, mobile or call-in number
- Delivery reporting per individual and modality
- Personalized feed of relevant announcements
- Dynamic groups - quickly build with SIS data and auto update
- Easily follow public groups, i.e. school board, sports teams
- Complete admin oversight (archive of all announcements)
