Session 415 Secondary SBG

AeriesCon
Routes to Student Success

Session Description:

Current research on best practices in grading presents the benefits of using standards-based grade reporting at the secondary level. This session will show Aeries users how to establish a Secondary Standards-Based Grade Report Card including creating standards, associating standards with courses, setting up report card options including mark types, and initializing the grade reporting cycle.

- ❖ Circumstances when Secondary Standards-Based Grade (SBG) reporting is used instead of Secondary Grade Reporting
- ❖ How to build and manage Standards
- ❖ Assigning standards to courses
- ❖ Enabling Secondary SBG reporting and configuring Mark Types
- ❖ Initializing a Secondary SBG Grade Reporting Cycle
- ❖ Methods for entering marks for Secondary SBG report Cards
- ❖ Finalizing the Secondary SBG reporting cycle including uploading totals, printing report cards, and related reports

Session 415 Secondary SBG -- AGENDA

AeriesCon
Routes to Student Success

- ❖ Overview / Mastery- and Standards-Based Grading Resources (Session 168)
Secondary SBG (SSBG) Reporting is built within the Grade Reporting Module
- ❖ Security and Tables for SSSG Reporting
Beware of permissions to Standards (**STN**) Table
- ❖ Setting up Standards for SSBG
 - 1) Add Standards; 2) Add Standards to Courses that will be using SSBG Reporting
- ❖ Set options for SSBG in Grade Reporting Options
 - 1) Grade Range; 2) Mark Types; 3) Valid Marks; 4) Portal Options
- ❖ Teacher Portal / Posting Grades
 - 1) Course (Letter) marks; 2) Posting SBG marks
- ❖ Secondary Standards Based Report Cards
- ❖ Comments on the Process? Moving to SSBGs?
Questions? Comments? Let the dialogue begin
