

1 Overview.....1

2 How to Configure ODT Rent Att Value Mapping1

1 Overview

The following tables must be included for importing Rental Categories and Rental Attributes:

- 70014209 ODT Rental Category
- 70014239 ODT Rental Attribute
- 70014239 ODT Rental Attribute Value
- 70014240 ODT Rent Attribute Translation (only if translations are needed)
- 70014241 ODT Rent Att Value Translation (only if translations are needed)
- 70014242 ODT Rent Att Value Mapping
- 70014243 ODT Rent Att Value Selection

In order to import Rental Attribute and apply the data, specific setups are required on the table 70014242 ODT Rent Att Value Mapping and on the table field, Rental Attribute Value Id.

This must be done prriot to applying the data.
