## What's New

- **Added a Copy Document feature to Service Tickets.**
- **Added the option to create a Planned Maintenance Quote from the Planned Maintenance Worksheet**  
A field has also been added to the worksheet to identify if the selected unit is on a quote or a ticket
- **Added an “Inactive” toggle on Service Units.**  
When toggled on, the unit is considered inactive and will not be available for selection in Service Tickets.
- **Added a “Your Reference” field to Service Quotes and Tickets**
- **Added a “Tax Liabile” field to quotes and tickets.**
- **Added a “Valid Until Date” field to Service Quotes**
- **It is now possible to add billable lines to a Service Invoice without linking them to a Service Unit when posted.**
- **Modifications to Last Service Date:**  
The Last Service Date field is based on Service History. If a Service Ticket is deleted, marked inactive, or re-opened as has its dates changed, the Last Service Date field will now update accordingly.

## Issues Resolved

- **If the Service Proforma is two or more pages long, the totals of all extra pages will be displayed as #Error.**  
The Proforma has been modified so Totals will now be displayed correctly.

## Known Issues

**No known issues at this time**
