

Diversity Information

Gender & Ethnicity Data In TalentNeuron

TalentNeuron Plan

TalentNeuron Plan

For Strategic Workforce Planning
Helps you develop effective workforce plans leveraging market intelligence data.

Get Started

- a) **Diversity Dashboard (US Only)**
Shows the diversity of a specific occupation in a city. Also, it shows the diversity of the entire city.
- b) **Recruiter Neuron (Worldwide)**
Shows gender and ethnic diversity for a specific role in a specific city. By choosing “all cities” you can get the gender and ethnicity of the role throughout the country. (Since this is an on-demand service, it does not have all roles, only those that have been requested.)
- c) **Global Company Scan (Worldwide)**
Shows the diversity of a company in all countries.
- d) **Deeper University Attributes (US Only)**
Examines the gender and ethnicity of a school. You can search by skill, major, university, city, or state.

TalentNeuron Recruit

TalentNeuron Recruit

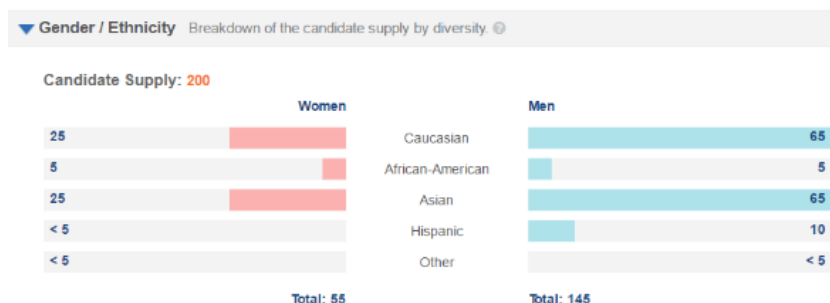

For Recruitment Insights
Real-time market intelligence and talent analytics for HR, staffing and sourcing professionals.

Get Started

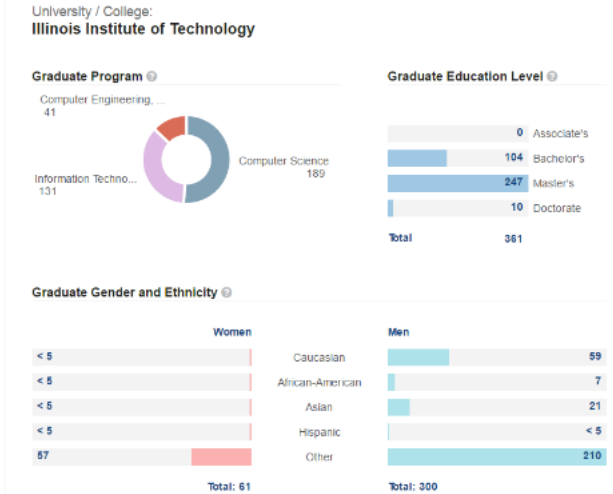

Run a search, then go to the **Candidates** tab

- a) **Installed Talent Diversity:**
Scroll down and you will see a gender & ethnicity breakdown of the candidate supply

b) **University/ College Diversity:**
 Scroll down further, and you will see a gender ethnicity breakdown of people graduating from various universities.
