

Generating Sales Leads

TalentNeuron Recruit Quick Guide

Generating Sales Leads

1. Go to the **Jobs** tab by clicking in the top blue bar.

2. Select the appropriate filters for your search with the criteria on the left of the page.

Note: Common practice is to use -

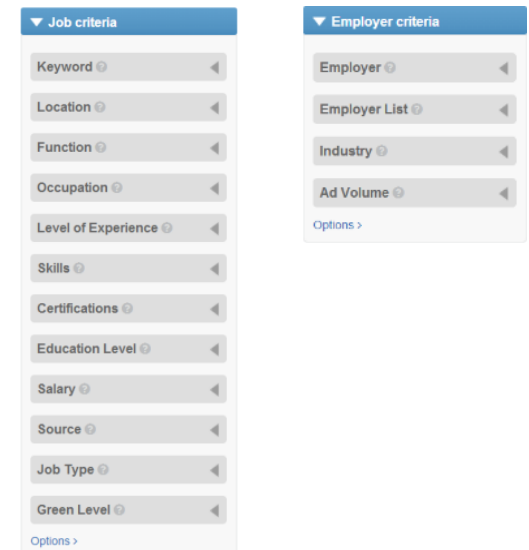

Location filter to select the geography.

Occupation filter to select the job title.

Skills & Certification filter to select the required skills & certification.

Level of Experience filter to select the required level of experience

Employer filter to select the company name.

Generating Sales Leads

3. Exclude any “**noise**” from your results with the check boxes.

Include: Staffing Anonymous Duplicates Aggregator / Free

4. Create a one-time download of the most recent job postings that match your criteria with the **Export** link.

Search Definition: [Clear] [Save] **[Export]** [Alerts]

5. Create a daily/weekly alert of the most recent job postings that match your criteria with the **Alerts** link.

Search Definition: [Clear] [Save] [Export] **[Alerts]**
