

RECOMMENDED POUR TIMES FOR EQUIPMENT IN LIMITED USAGE

When equipment is turned on but not operating under normal usage conditions, we recommend you dispense syrup from each valve according to the following table to maintain fresh product:

Syrup Tubing Length	Total Pour Time Per Day Per Valve
20 Ft.	5 Seconds
40 Ft.	10 Seconds
60 Ft.	15 Seconds
80 Ft.	20 Seconds
100 Ft.	25 Seconds
