

ARIENS®

An *Ariens* Company Brand

RECOMMENDED DEALER PRE-DELIVERY INSPECTION

All actions to be completed prior to customer handover

Please complete and return to Ariens Company Ltd

Product Type

- Ariens Zero-Turn product

Model/SKU _____

Serial Number: _____

Tools and Packaging

- Unpack machine from original packaging
 Check machine for damage or missing parts
 Inspect all components. (N.B. Claims for damage in transit must be submitted within 5 days)

Assembly

- Assemble machine as instructed in operators manual
 Check for loose fasteners
 Connect battery (red to positive . black to negative)

Battery

- Check and note battery voltage

Voltage:

N.B. Failure to note the voltage will result in any future warranty claims being rejected

Fluid Levels

- Check transmission oil level and bleed if required

Throttle

- Check the wiring loom, throttle and clutch cables are secure and not trapped or fouling linkages, drives or exhaust.

Engine

Starting:

- Check engine controls for correct and free operation (max/min revs, choke on/off)
 Check the engine pulley bolt in the electric clutch ensuring it is torqued to 65-68NM (48-50lb/ft)
 Refer to the engine manufacturer instructions and check accordingly
 Start engine and check all electrics function correctly, including safety switches, console warning lights, and engagement of the cutter deck

Check:

- Check all nuts and bolts for tightness including fitting of seat and steering control levers
 Check steering and brakes for correct operation
 Check tyre pressures (refer to Operators Manual)
 Check all other belts, pulleys and tension

Belts:

- Cutter deck drive belt tension **MUST** be checked
 Engage cutter deck and ensure drive belts are running correctly and not fouling

Deck:

- Check deck lifts correctly and freely
 Check cutter deck bearing housing's remains cool and that there is no undue vibration
 Place the tractor on a firm level surface and check cutter deck levels from front to back and side to side. (refer to Operators Manual)

Note any issues
