

ORGANIC ALOE VERA

160g POWDER

Certified Organic
Non-GMO
Vegan
Soy-Free
Gluten-Free

Pure Planet's aloe vera is sustainably harvested from an organic farming community with state-of-the-art manufacturing and on-site processing to ensure consistent quality every time. Known as Hippocrates' favorite plant, aloe vera is a natural powerhouse containing more than 200 active amino acids, vitamins, antioxidants, minerals, enzymes, and plant sterols. It is a valuable prebiotic that encourages the proliferation of healthy gut bacteria while producing very little gas. Aloe supports the digestive system, aids in exercise recovery, and supports the body's healthy immune response.

- Can help promote digestion (especially after heavy meals).
- May help boost immune system function and healthy nutrient absorption.
- Can satisfy thirst and provide hydration at any time of day.

NATURAL IMMUNE/DIGESTION SUPPORT

WHY PURE PLANET HAS THE BEST ORGANIC ALOE VERA ANYWHERE

Pure Planet uses only the inner fillet (gel) of the aloe leaf where nutrient density and the concentration of polysaccharides are at their highest. The patented processing method for our aloe, known as Modified Aloe Polysaccharide (MAP), enhances the highly bioactive fraction of aloe polysaccharide by 300%. The MAP processing method promotes absorption of Vitamin B12 and Vitamins C and E, which help support dermal and digestive health and a healthy immune system.

FUNCTIONAL ALOE VERA IS IN DEMAND

The business data firm Research & Markets recently reported that aloe vera has enjoyed double digit sales increases since 2009. Consumers know and value the tremendous digestion and immunity benefits of aloe beverages. Add to this, delicious flavor profiles and high-impact functional ingredients based on consumer research, and this new, two-product ready-to-mix line is sure to be a winner with even the most discriminating customer.

IMMUNE + C | Passion Fruit, Orange

The perfect “anytime drink” for your body and immune system. This delicious organic aloe vera drink mix boosts immunity and satisfies thirst. It includes organic amalaki (Indian gooseberry), turmeric, acerola powder, and pomegranate for natural vitamins, minerals, and antioxidants.

Pure Planet’s Organic Aloe Vera Immune + C supports healthy bacteria levels with turmeric, while supporting healthy immune response and recovery time from over-exertion. This highly soluble aloe vera + coconut water supplement also promotes Vitamin C absorption with the natural properties of amla and the MAP processing method. Vitamin C can help support digestive, liver and muscle health.

DIGESTION | Crisp Apple Ambrosia

This delicious 4-in-1 organic aloe vera drink mix will support digestion, boost immunity, balance pH, and satisfy thirst. Organic Aloe Vera Digestion is the perfect “go-to” drink before or during any meal (especially heavy ones).

Pure Planet’s Organic Aloe Vera Digestion contains vegan bioactive enzymes, ginger root, and the probiotic Lactospore®.* Lactospore® is a well-researched probiotic strain that supports healthy gut flora and withstands the acidic environment of the stomach.* Together, these organic ingredients support hydration, electrolyte balance, digestion, and a healthy pH balance. Our digestive enzymes are Kosher, non-GMO, vegan, and shelf-stable. This product is great for individuals who struggle with digesting fats, proteins, and carbohydrates.
