

ORGANIC SPIRULINA

188g POWDER | 93.75g POWDER

Certified Organic
Non-GMO
Vegan
Gluten-Free

Spirulina is one of nature's most nutrient-dense foods. It is one of the richest, whole-food sources of vegetarian protein, chlorophyll, essential amino acids, antioxidants, and vitamins. We have combined it with cocoa and mint to give it a unique and delicious flavor. We recommend combining this product with our Rice Bran Solubles to support healthy weight loss.

- May support healthy immune function
- Can help increase endurance and stamina
- May reduce cravings and appetite
- Can promote healthy cardiovascular function
- Contains high levels of beta-carotene

NATURE'S BEST SOURCE OF ENERGY

Pure Planet's Choco-Mint Spirulina is a great tasting way to get premium organic spirulina into your diet.

WHY WE OFFER SPIRULINA IN CHOCO-MINT FLAVOR

Taking organic spirulina in powder form makes it highly assimilable and provides an instant boost of energy and brain nutrients. Unfortunately, its flavor makes most people choose capsules or tablets. At Pure Planet, we created spirulina in Choco-Mint flavor to give our consumers a great tasting powder option.

INTERESTING FACTS

Full of a wide range of vitamins, minerals and other phyco-chemicals, spirulina has been given the nickname of "Mother Nature's Multi-vitamin." In fact, it is likely the most nutrient-dense food on Earth and is nature's best source of carotenes and essential fats. Cocoa and mint are not added simply for flavor; they also provide their own unique blend of vitamins, minerals and phytonutrients. For example, they are rich in tannins and offer bitters that help with digestion and antioxidants that help scavenge free radicals.

HISTORY

Spirulina is thought to have been consumed throughout history – there are fossils of spirulina algae dated back to a time that precedes the dinosaurs that show it is basically the same today as it was then, which speaks volumes! It may have been used by tribes in Chad and South American cultures, such as the Aztecs. It has also been speculated to be the manna of biblical fare. In World War II, the Japanese government saw it as a way to feed its starving people.

POTENTIAL BENEFITS

Consumption of spirulina may help maintain healthy immune and cardiovascular function. This algae can also help promote energy, endurance, and stamina, while supplying the body with a wide range of nutrients, such as beta-carotene, chlorophyll, essential fatty acids, vegetarian protein, antioxidants, and a multitude of vitamins and minerals. Spirulina may also support reduced cravings and appetite.

HOW IT IS MADE

We combined cocoa, carob and mint with our premium, organic California grown spirulina to create a tasty, nutrient-dense super smoothie.

Supplement Facts

	Amount per serving	% DV*
Protein	2.21g	
Organic Certified Spirulina	2,500 mg	†
Organic Certified Cocoa	1,453 mg	†
Organic Certified Carob	1,453 mg	†
Organic Certified Peppermint Leaf	500 mg	†
Organic Certified Stevia Extract	44 mg	†

* The % Daily Value (DV) tells you how much a nutrient in serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

† Daily value not established

SUGGESTED USE: Take 3 tsp mixed with 6-8 oz of water, your favorite creamy beverage or a smoothie, one or two times, daily.

OTHER INGREDIENTS: Natural Chocolate Flavor, Organic Acacia Gum, Organic Guar Gum, Xanthan Gum, Lo Han Guo Extract.
