–enough for 4 full manicures in different color designs
- 4 sheets of peel and press sparkly nail art
- 8 sheets of self stick nail adhesive

You can pick your favorite set or mix and match with your friends and have a crazy nail decorating party!

# Before You Begin

Make sure your nails are clean and dry. Working with the nail adhesive can be a little tricky. If you need assistance, ask an adult or an older friend to help you.

1. Select a false nail that best fits each of your own natural nails.
2. Peel the nail adhesive tape off of the sheet and place it over your real nail. Peel off the top paper to expose the other side of the adhesive. Press the false nail firmly in place on the adhesive.
3. Peel the nail art off of the sheet and press onto your nail. You can mix and match the nail art.
4. To remove your nails, carefully peel up the side of each nail. Work slowly so that the adhesive remains attached to the nail. The nails may be reused as long as the adhesive remains sticky. Extra adhesive stickers are included if needed.
