Important information about this paint

- The paint included is a non-toxic acrylic paint that dries permanently on most surfaces.
- Be sure to wear old clothes and to cover your work surface with newspaper. Clean up any spills immediately with soap and water.
- Paint can settle and separate over time. Mix each color thoroughly before you begin painting. If the paint seems too thick, stir in a small drop of water.
- Rinse and dry the brush before switching colors.

Design Ideas

Paint your pets fancy, fashionable or fun.

You can use the ideas we have included on the box, or better yet, dream up your own designs.

Helpful Hint - to make small dots or designs, try using the handle of your paintbrush.

When you have finished painting them, set them aside to dry.

Pretty Puppy - Fancy Feline

Add some personality to your pets using the craft glue, ribbons and roses. Use the fine point marker to add eyelashes, a sweet little nose, a mouth, spots....whatever you like.

When they are completely dry have fun playing with your petite and sweet bobble pets.
