# Best Friends Message in a Bottle

You can write a tiny secret message, keep it in a bottle and wear it on a pretty ribbon necklace. Make one for yourself and one for your best friend, too. You and your best friend can even have fun making them together.

---

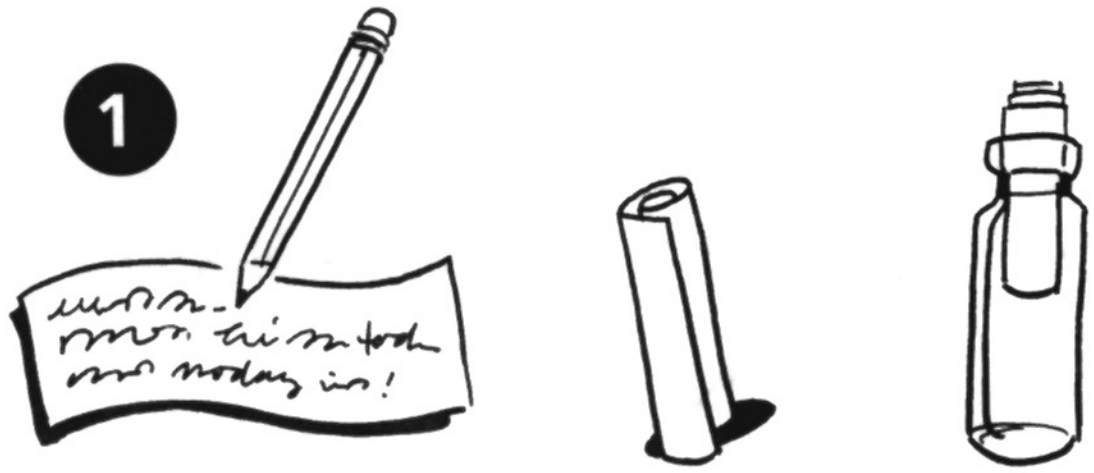

**Creativity Kits™**

# Instructions

1. Cut a strip of paper so that it is no higher than the bottle.

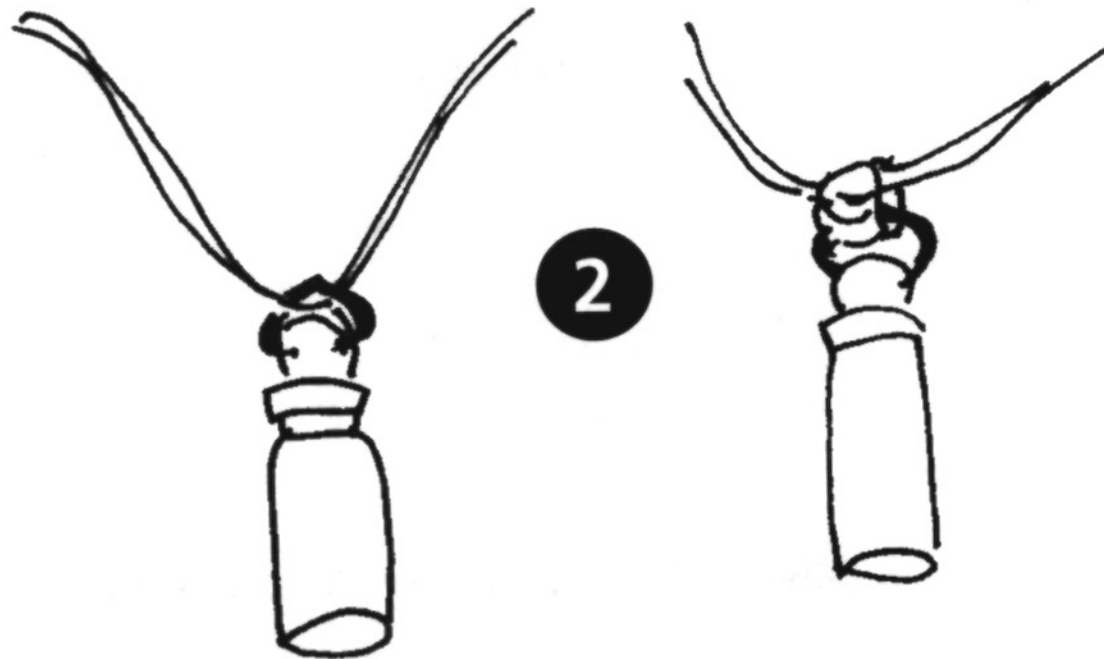

Write a message.

Roll the paper strip and insert it into the bottle.

**Now you can string your beads and the bottle on a lovely ribbon necklace.**

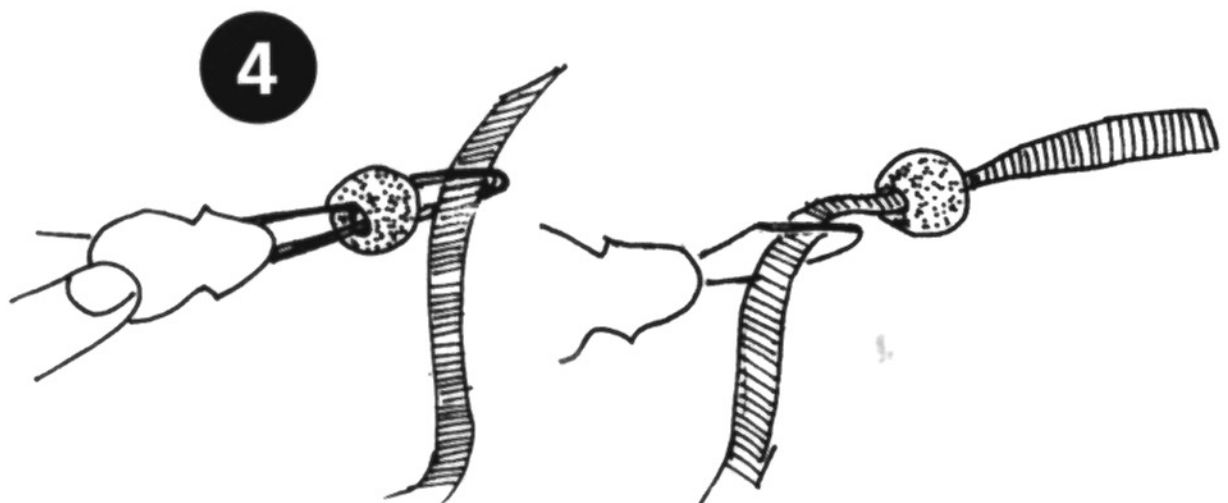

2. Center the ribbon so that the bottle hangs from its center. Tie a knot. Now string beads on the ribbon.

3. Use the "ribbon threader" to help you get the ribbon through the holes in the beads. Insert the wire point of the ribbon threader through the hole of the bead.

4. Push the ribbon through the wire loop. Pull the wire with the ribbon inserted **gently** back through the bead. Don't pull too hard or the wire may break.

5. You can position the beads along the ribbon so that the delicate ribbon can be seen and not be completely covered up with beads.

If you wish you can incorporate the alphabet beads with the words "wish" and "luck" into your necklaces.
