The power of
creativity

In 2013, Creativity for Kids launched the Creativity Comeback to bring increased awareness to the importance of creativity for a balanced, healthy childhood. According to a Michigan State University study, kids involved in creative activities were 8 times more likely to start a business or receive a patent. Creative activities such as the Creativity Can™, teach problem solving, stimulate creative thinking and encourage imagination.

INCLUDED IN THIS KIT:

Ink pad, colored pencils, marker, glue stick, patterned papers, rubbing plates and paper frames.

NOT INCLUDED IN THIS KIT: **Instructions!**

Create finger print artwork pictures by pressing your finger or thumb into the ink pad and stamping it onto the paper frame. Use your imagination! Make people, faces, animals and more with the marker and pencils.

Use the rubbing plates with colored pencils to add texture and try gluing small pieces of patterned paper to accent your artwork to make a scene for the drawings to live in. You may also add to the components from materials around your house, such as: fabric, ribbon, glitter, tape, buttons or any other fun items.

You get the idea, because...
“Creativity Can make art.”

SHARE WITH US:

Join other kids around the country participating in the Creativity Comeback.

1. Take a picture of your finished creation
2. Go to [CreativityCan.com/Share](https://creativitycan.com/share) or scan QR code (ask a parent to help if you are younger than 13 years old)
3. Click “Share your Creation” button
4. Follow on-screen instructions

WHY SHARE?

Your name will be placed in a monthly drawing for FREE Creativity for Kids products (price pack worth \$100).

For each creation submitted, Creativity for Kids will make a donation to charities devoted to the arts and creativity in elementary schools.

“Creativity is not an option, it’s an absolute necessity.”
– Sir Ken Robinson
