The power of
creativity

In 2013, Creativity for Kids launched the Creativity Comeback to bring increased awareness to the importance of creativity for a balanced, healthy childhood. According to a Michigan State University study, kids involved in creative activities were 8 times more likely to start a business or receive a patent. Creative activities such as the Creativity Can™, teach problem solving, stimulate creative thinking and encourage imagination.

INCLUDED IN THIS KIT:

Building cards, duct tape, foam shapes, popsicle sticks, chenille stems, stickers and more!

NOT INCLUDED IN THIS KIT: Instructions!

Build creative structures. Look at the examples on the can to make a castle, cottage or house. Just use your imagination and the supplies you have. You may also add to the components from materials around your house, such as:

- Toilet paper tubes and egg cartons
- Paper plates and bottle caps
- String, yarn, lace, beads and felt
- Stones, twigs and other natural item

You get the idea, because...
“Creativity Can build things.”

SHARE WITH US:

Join other kids around the country participating in the Creativity Comeback.

1. Take a picture of your finished creation
2. Go to [CreativityCan.com/Share](https://creativitycan.com/share) or scan QR code (ask a parent to help if you are younger than 13 years old)
3. Click “Share your Creation” button
4. Follow on-screen instructions

WHY SHARE?

Your name will be placed in a monthly drawing for FREE Creativity for Kids products (price pack worth \$100).

For each creation submitted, Creativity for Kids will make a donation to charities devoted to the arts and creativity in elementary schools.

“Creativity is not an option, it’s an absolute necessity.”
– Sir Ken Robinson
