The power of
creativity

In 2013, Creativity for Kids launched the Creativity Comeback to bring increased awareness to the importance of creativity for a balanced, healthy childhood. According to a Michigan State University study, kids involved in creative activities were 8 times more likely to start a business or receive a patent. Creative activities such as the Creativity Can™, teach problem solving, stimulate creative thinking and encourage imagination.

INCLUDED IN THIS KIT:

Pull back mechanism, wheels, duct tape, straws, Styrofoam shapes, chenille stems, a propeller, stickers and more!

NOT INCLUDED IN THIS KIT: **Instructions!**

Make things that roll, float or fly. Just use your imagination and the supplies you have. Look at examples on the can to make a boat, car or airplane. You may also add to the components from materials around your house, such as:

- Toilet paper tubes and egg cartons
- Paper plates and bottle caps
- String, yarn, lace, beads and felt
- Stones, twigs and other natural items

SHARE WITH US:

Join other kids around the country participating in the Creativity Comeback.
