Outdoor Chalk Art Set

Instructions

Fun for outside, these super vibrant chinks will make your sidewalk sing! This kit includes everything you need for hours of chalking fun; 12 bright chunky chinks, kneeling cushion, no pinch chalk grips, and blending tools. Get your friends and create!

What to draw?

If you can draw a circle, you can draw anything! Here is an idea of how connecting circles with lines and adding a little detail can guide you to creating whatever you want.

Fun shapes found on the ground

Use the cracks, bumps and breaks in the pavement to help guide your drawing. Maybe a crack could become part of an egg, or a line becomes a mouth. Bricks are great ways to make digital looking pictures, like hearts or spiders.

Outdoor Chalk Art Set

Instructions

Go Big!

Since you have the whole surface of the ground to draw on, you can create extra large drawings. Try placing yourself in a scene, or giving your friend wings, dunking a basketball, or making yourself look extra tall! Just have a friend lay down on the ground and ask them to pose. Draw a fun scene around them. Draw a fun scene around them. Take a picture so you can show them what they look like.

Blend & smudge

Use the foam and brush tools to blend colors together or create soft edges for your art. To get a tie-dye look, draw a circle and color it in. Use a different color to create a circle around the first. With the brush or foam blending tool pull the color from the inside of your circle outward.

Clean up

Dust yourself off and use soap and water to clean yourself.
