+

NOTE! DARTFISH SOFTWARE IS PC BASED!

FOR SYSTEM REQUIREMENTS
please click on the following link:

http://support.dartfish.com/Downloads/faq/SystemRequirements_en.pdf

- For eText access and reading, *Chrome browser* is strongly recommended
- Dartfish desktop software only works with *Windows 10*

Purchase your Pack:

Three easy steps to purchase your Dynamic Biomechanics Pack:

01

Browse

Go to <http://shop.dynamicbiomechanics.com>

02

Register

Click on *Sign in* and then *Create an account* by filling in the full form and click Register

03

Select one of the 2 options to purchase your Dynamic Biomechanics pack:

a. By **credit card**: Once signed in your account, add the eText to your shopping cart and proceed to check-out.

b. By **redeeming a code** you have purchased from your university bookstore: once signed in your account, on the e-text presentation page, please copy/paste your code in the *box marked Activation Code* (see screenshot).

Save your Username/Password! Make sure your email address/username is accurately entered, so we can send your Dartfish software to this email address.

How to access ?

How to access my learning resources?

01

Online eText:

Go to <http://shop.dynamicbiomechanics.com>, sign in into your account and go to MY ETEXT and Read!

02

Dartfish Software and app:

You will receive an email within 72 hours of your purchase with an invitation to sign up to myDartfish and get access to software and app. Check your Spam as this email will come from information@dartfish.tv

Remember you are using two separate tools.

Make sure you **Create a myDartfish account** which is separate and different from the account your created to purchase the eText.
