

MANAGE YOUR MOBILE WORK FORCE

Locate your team in real-time with Fleet Freedom®

Fleet Freedom Mobile provides a complete, cost-effective mobile device tracking solution that seamlessly integrates with today's most widely used mobile devices. With Fleet Freedom Mobile your business will be able to:

- Locate your team wherever they are
- Provide clients a better idea of when mobile workers will arrive
- Give employees working alone a better sense of security
- Keep track of important assets with real-time location

Fleet Freedom Mobile provides the same reporting functionality of a fully installed GPS tracker, by taking advantage of your existing mobile devices already deployed. This powerful wireless solution is compatible with virtually all Android Smartphones, Tablets, iPhone, iPad, Sonim and BlackBerry devices.

Fleet Freedom® Tracking Benefits

- Increase employee safety & efficiency
- Effective dispatching & scheduling
- Improve communication & customer satisfaction
- Increase billing accuracy
- Keep track of your important assets
- Automated mileage tracking and payroll verification

Mobile Workforce Tracking Solution

- Geo-zone entry/exit information with alerts
- 2-way messaging
