

BATEC SERIAL NUMBER

The product serial number on the Batec label consists on the following data:

NNNNN-MXC-mmaa, where:

NNNNN: manufacture order number

M: model. "E" (Batec Electric), "M" (Batec Manual), "H" (Batec Hybrid), "EM" (Batec Mini), "E2" (Batec Electric 2), "ES" (Batec Scrambler)

X: handlebar type. "P" (paraplegic handlebar), "T" (tetraplegic) & "H" (hemiplegic)

C: color. "R" (Red), "G" (Graphite), "X" (White) & "O" (Olive)

mm: month of manufacturing

aa: year of manufacturing

In the case of Batec Urban (variant of the Electric model) the color can only be "S" (Graphite).

In the case of the Batec Rapid (special edition, variant of the Electric model) the color can be: "V" (Green) or "T" (Graphite).
