

The Advantages OF PROCESSING WITH EVO

EVO Payments, Inc. is one of the most customer-focused, innovative card processors in the payment industry today. We're known for bringing the latest payment solutions to businesses quickly, securely and affordably.

EVO OFFERS YOU:

One-Stop Service. EVO provides payment processing for all major credit and debit cards, including Visa, Mastercard, Discover, and American Express. Our processing platform is compatible with virtually any point of sale product.

Secure Technology. EVO uses the latest tools to protect the card data of our customers. EVO's security practices include point-to-point encryption (P2PE), tokenization, network protection, and system-wide monitoring.

Honest, Upfront Pricing. EVO offers competitive, transparent pricing with no hidden costs or fees. If we can't meet your current processing rates, we'll tell you that.

Service and Support. Our goal is to make it easy for you to work with us. As a EVO merchant, you can expect 24/7 personalized customer service and tech support, and fast follow-up on questions and issues.

Business Management Tools. EVO's secure, online merchant portal gives you instant access to your latest transaction data. Reports can be downloaded to use with popular accounting software programs.

High-Quality Products. EVO works closely with POS dealers to provide the highest quality payment hardware and software. EVO can integrate these products with EMV technology so you can accept the more secure chip cards and mobile wallets.

Sales-Building Gift Card Program. Boost your sales, attract new customers, and generate more profit with EVO's turnkey gift-card program for any size or type of business.

WHY USE A POS RESELLER?

POS resellers will help you:

- Avoid overspending on a system – or buying a system without the features that could provide efficiencies to your business
- Get the best performance out of your POS system or device.
- Install your POS correctly, train employees, and provide maintenance.
- As a knowledgeable contact instead of relying on an outsourced support desk.
- Stay current on security issues and system updates.

EVO Payments, Inc. can help you find a POS reseller who specializes in point of sale for your vertical market.
