

HOW TO PERFORM ONLINE UPDATE

QNE Business Solutions system files can be updated online. Users can now get an update of QNE Business Solutions anytime, anywhere.

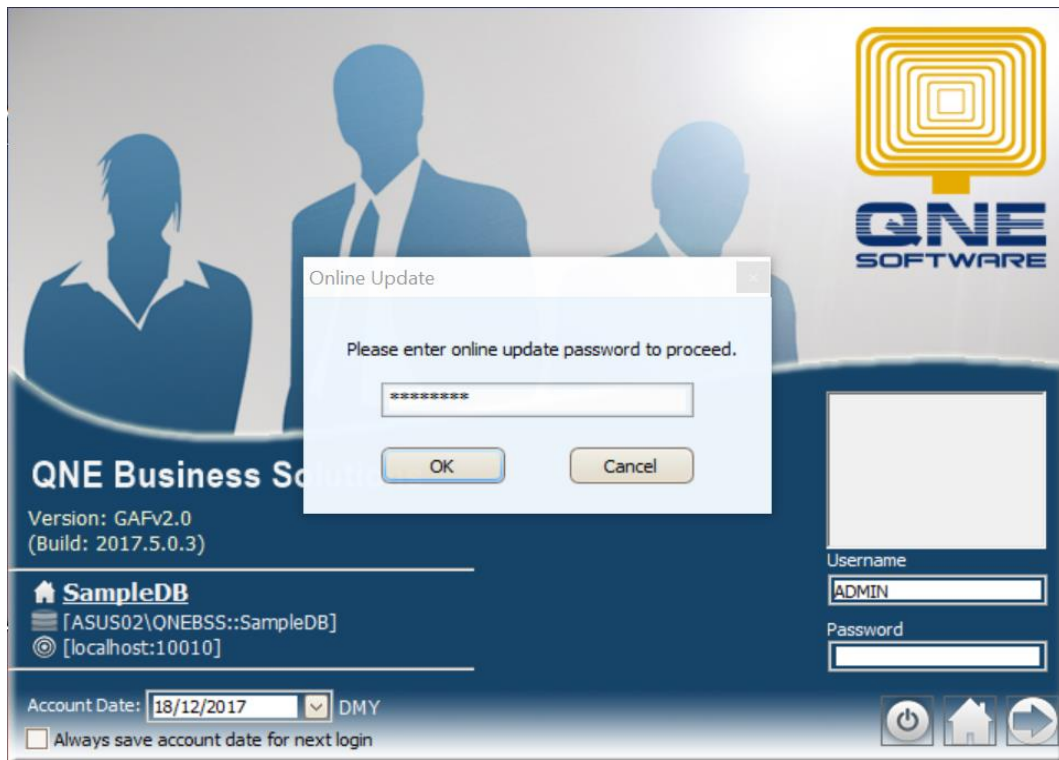

Via the Login Screen, click **CTRL + F12** keys to proceed for Online Update:

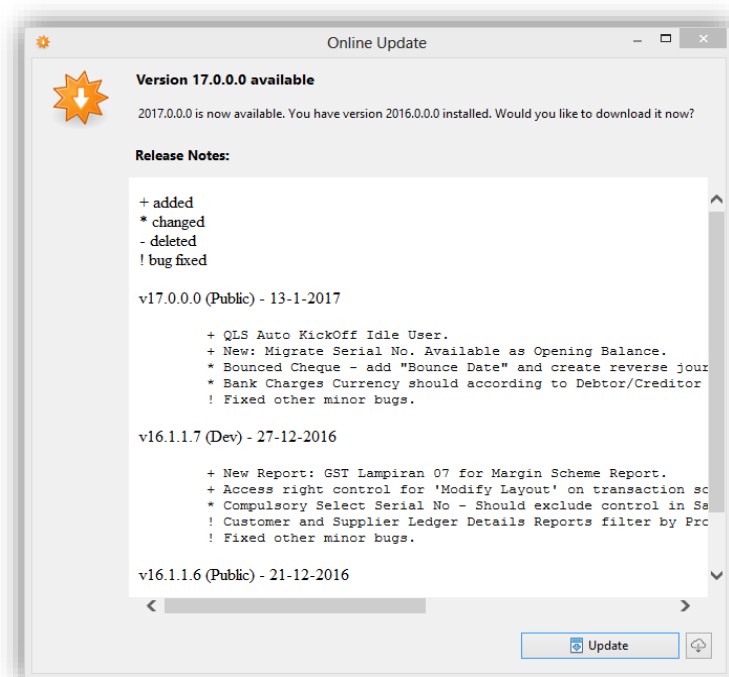

Input the Default Password for Online Update:

91333237

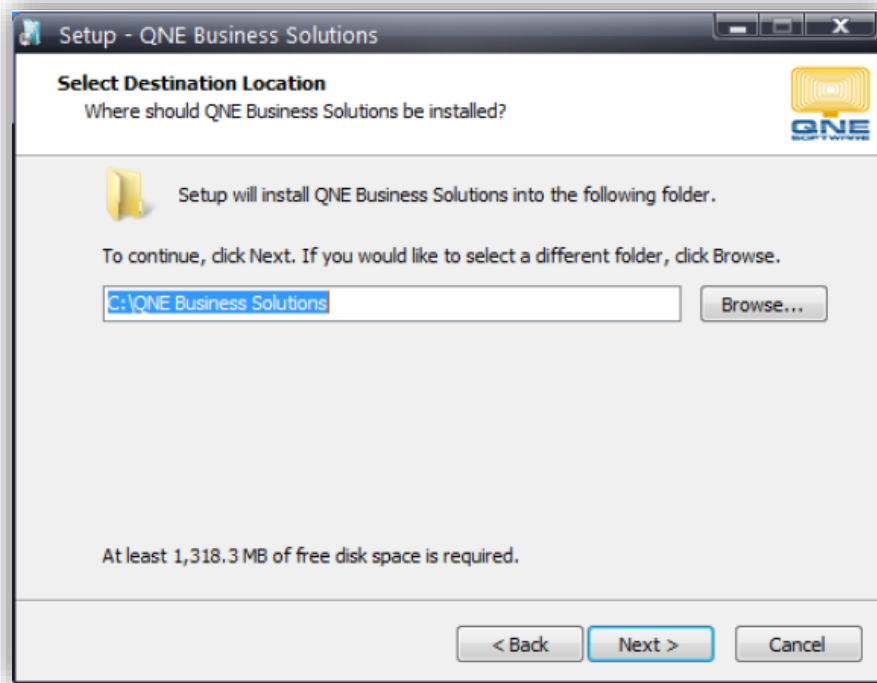

Then click 'OK' to proceed.

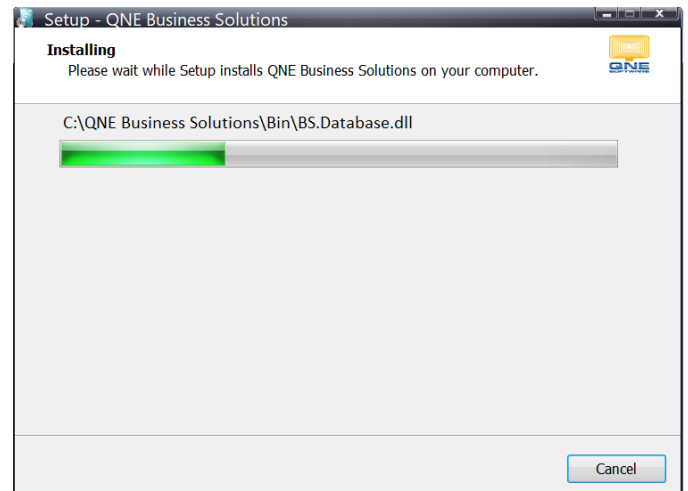

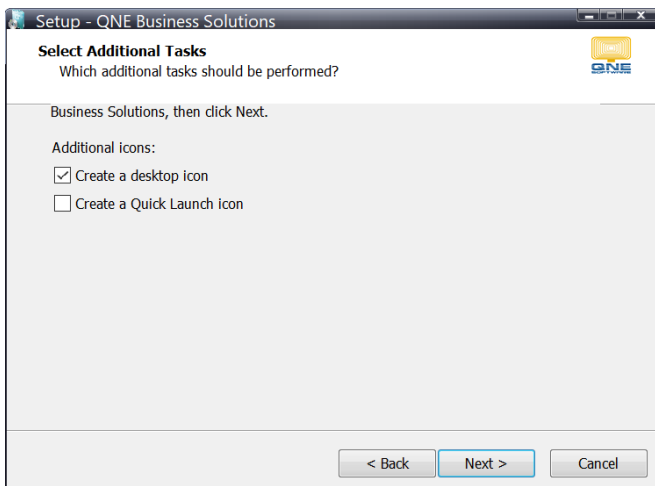

Latest bugs fixes and enhancements are indicated in the Release Notes. Click 'Update' to proceed and download System Updates.

Next step, make sure to browse the QNE Business Solutions folder to overwrite and update installed files. Click 'Next' and proceed with the succeeding screens.

Continue to click Next until it shows the setting up or installing load bar.

System will show this screen upon successful System Update.
