

HOW TO ADD OR REMOVE NAVIGATION BUTTONS?

Scenario:

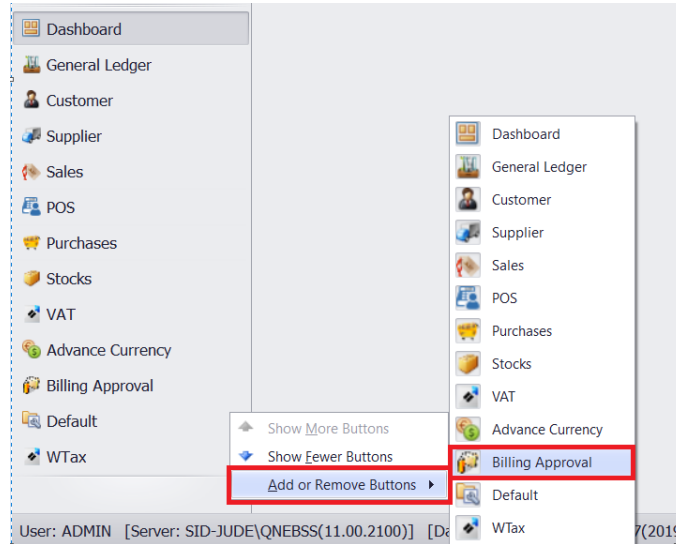

There are too many options in the Navigation Pane and User may want to remove some of it as it is not part of his/her daily transactions and to avoid confusion as well.

Procedure:

To Add or Remove some buttons in Navigation Pane, Go to the Arrow Down Button below the Navigation Pane.

Once Selection is shown, Hover the cursor to Add or Remove Buttons, select the button/Module you wanted to add or remove in the Navigation Pane e.g., Removing Billing Approval

Noticed that upon clicking the Billing Approval Button, it becomes hidden from the Navigation Pane.
