LEGEND OF KEYS

Different sources support different types of search. We call the thing you search by the "key." This document contains an overview of which key you can use on which source. The following table explains what each key means.

Key	Description
ASIN	Amazon Standard Identification Number - the unique product identifier issued by Amazon
GTIN	The GTIN, EAN, UPC, or JAN that is often represented by the barcode printed on product packaging
Keyword	A search phrase like "iphone 6 purple 32GB"
MPN	Manufacturer Part Number
PZN	Central pharmacy number (Pharmaziezentralnummer) used in Germany
Source ID	The product ID issued by the respective source - For Amazon, this is the ASIN.

LEGEND OF SOURCE CLASSIFICATIONS

For your convenience, we have classified the sources in retailers, market places and price comparison sites. Some sources belong to more than one class.

Classification	Description
C	Comparison site - Sends traffic to multiple retail websites.
M	Market place - Goods can be bought from multiple retailers.
R	Retailer - Directly sells goods.
