## HOW TO SYNC THE HEADPHONES WITH YOUR BLUETOOTH DEVICE:

Begin by turning the headphones on by pressing and holding the multifunction button for 5 seconds until you hear a beeping noise. Via the Bluetooth settings menu of the device you want to pair the headphones to, select Urbanista Detroit. If paired successfully, the LED will turn a solid blue then blink continuously every 12 seconds.

Once the headphones are connected with your phone/device, you can start using the Detroit to listen to music or to make calls. The Detroit has a playtime of 12 hours and a standby time of 300 hours. A full charge takes around 2,5 hours.

To charge the headphones, connect the included cable to the micro USB port. Then insert the USB plug to a power outlet or to your computer.
